VOL. 54—NO. 178 JACKSONVILLE, ILLINOIS, FRIDAY MORNING, JULY 23, 1920 TWELVE PAGES—THREE CENTS

ONE MAN RULE WILL END IF HARDING IS ELECTED PRESIDENT

G. O. P. CANDIDATE ACCEPTS NOMINATION; TALKS OF COUNTRY'S PROBLEMS

MARION, Ohio, July 22.—Peace by a resolution of congress and after that an effort to form an association of nations that would not impair American sovereignty were promised today by Warren G. Harding in his speech accepting the Republican nomination for the presidency.

He declared the time had come to recognize "the failure attending assumption, obstinacy, impracticability and delay" in President Wilson's attempt to form a league of nations, and that a new pathway must be found to peace and world content.

He also outlined a stand for government by party rather than by individuals, declared railway employes might well be accorded a status of public servants, endorsed cooperative marketing for farmers, and pronounced increased production the key to a lower cost of living.

Many Party Leaders Present

The address, constituting the candidate's personal platform, was delivered at the climax of a day of celebration whic hbrought to Marion a notable company of party chiefs and a crowd of many thousands. Their plaudits and serenading kept the nominee the center of a seven hour reception as delegations paraded past the Harding residence.

Soon after sun-up the march of the first delegations brought the senator to his door step and after that there scarcely was a let up until he left for the notification ceremonies at the pavilion at two o'clock.

Altho seats had been provided for 4,000 many times that number were unable to get within earshot of the speaker. His pronouncements were received with a tumult of applause.

Will Hays, national chairman, presided at the ceremonies and Senator Lodge of Massachusetts formally notified the candidate of his nomination in a speech rapping President Wilson's league of nations and praising the part Senator Harding had taken in preventing its unreserved acceptance.

Believes in Fellow Citizens

Speaking slowly and with a characteristic gravity, the nominee delivered his declaration of policy in a clear, full voice.

Points he wished to drive home with particular force he emphasized by aggressive gestures. His thrusts at the league of nations brought repeated cheering, but the passage the crowd seemed to like best came almost at the end when he voiced his humility in the presence of the responsibilities of the presidency and then, squaring his shoulders added that his confidence in the support of his fellow citizens made him "wholly unafraid."

In his discussion of the league he made no direct recommendation for rejection of the peace treaty and did not take up in detail the league covenant. Contenting himself with the declaration that the league as conceived by the president was unthinkable, he passed on to state his own view of what should be done.

World Relationship

"In the call of the conscience of America is peace," he said, "peace that closes the gapping wound of world war and silences the impassioned voices of international envy and distrust. With a senate advising as the constitution contemplates, I would approach the nations of Europe and of the earth, proposing that understanding which makes us a willing participant in the consecration of nations to a new relationship, to commit the moral forces of the world. America included to peace and international justice still leaving America free, independent and self-reliant, but offering friendship to all the world."

At the conclusion of the speech the senator returned to his home but several of the visiting delegations called again to say good bye. It was his first big day of handshaking since his nomination and he was tired ont by the time it was over.

Senator Harding Reveals His Spirit

"Mr. Chairman, members of the committee, my countrymen, all: I would not be my natural self if I did not utter my consciousness of my limited ability to meet your full expectations, or to realize the aspirations within my own breast, but I will gladly give all that is in me, all my heart, soul and mind and abiding love of country, to service in our common cause.

"I can only pray to the Omnipotent God that I may be as worthy in service as I know myself to be faithful in thought and purpose. One can not give more. Mindful of the vast responsibilities I must be frankly humble, but I have that confidence in the consideration and support of all true Americans which makes me wholly unafraid.

"With an unalterable faith and in a hopeful spirit, with a hymn of service in my heart, I pledge fidelity to our country and to God, and accept the nomination of the Republican party for the presidency of the United States."

WILLIAM J. BRYAN AGAIN DECLINES TO WEAR DRY CROWN

Says Could Focus Attention on Prohibition Cause Alone.

DOES NOT YET KNOW HOW HE WILL VOTE

BOZEMAN, Montana, July 22.—William Jennings Bryan this afternoon announced positively that he "would not" accept the nomination for president tendered him by the prohibition national convention at Lincoln, Neb.

The first intimation of his nomination was received by him at 1 p. m., at Madison Lake, upon his return from a forenoon of fishing when he read an Associated Press despatch giving the text of the telegram sent to him by the convention. He was forty miles from any telegraph office at the time but as soon as he reached Norris, Montana, he telegraphed a reply declining the nomination.

Mr. Bryan's telegram says:

"I cannot in justice to the Prohibition party nor to myself accept the nomination. My connection with other reforms would make it impossible for me to focus my attention upon the prohibition question alone and besides I am not willing to severe my connection with the Democratic party which has so signally honored me in years past.

"I have not decided yet how I shall vote this fall, but whatever I may feel it my duty to do in this campaign, I expect to continue as a member of the Democratic party and to serve my country thru it."

STORY OF SECOND WILL TOLD IN COURT

CHICAGO, July 22.—The story of the execution of the disputed second will of James C. King, multi-millionaire lumberman, was told in circuit court today by Mrs. Mary C. Melvin, sister of Maude A. King, slain widow of the lumberman. She will be the chief beneficiary if the document is submitted to probate. Her story followed closely that told before Probate Judge Horner who declared the attempt of Mrs. Melvin and Gaston B. Means, discoverer of the alleged will to have the will probated, was a "fraud."

ATHLETICS RELEASE OUTFIELDER AMOS STRUNK

Philadelphia, July 22.—Amos Strunk, outfielder of the Philadelphia Athletics, has been released by Connie Mack by the waiver route, but whether Strunk goes to the Chicago White Sox or the Boston Red Sox was apparently on open question late tonight. Strunk announced he was going to the western team, but a message from Boston sai dhe was claimed by Manager Ed Barrows of the Boston Americans.

THIRTY PIECE BAND WILL ATTEND FUNERAL

San Jose, Cal., July 22. — A thirty piece band will be in attendance at the funeral of Jose Castro, aged inmate of the county hospital here, whose body was found today in a pond in a downtown park. Five years ago he deposited in a local bank money to cover his funeral expenses and contracted with an undertaker to provide a thirty piece band and a hearse drawn by six white horses.

CAN INSURE YOUR PRIVATE STOCK NOW

New York, July 22.—Insurance companies here today announced the inclusion of liquor clauses in their burglary policies to protect owners of private stocks.

PREFERS DEATH TO FATHER'S PUNISHMENT

New York, July 22.—Preferring death to punishment by her her father, 11-year-old Angelina Scire, threw herself from the window of her home into the yard four stories below.

Angelina believed her father was coming to punish her for quarreling with a neighbor girl, the police say. She left her parents this note: "I was no use. To get killed I throw myself out the window, because I need."

ANNOUNCE MAKE-UP OF FENCING TEAM

New York, July 22. — George H. Breed, captain of America's fencing team in the Olympic games, today announced the final make-up of the team, which includes four men from the army and five from the navy.

PROHIBITIONISTS ALSO NOMINATE MAN FROM OHIO

Aaron S. Watkins Chosen When Bryan Refuses Nomination

CANDIDATE FOR VICE PRESIDENT IN 1908

LINCOLN, Neb., July 22.—Ohio got its third presidential candidate for the 1920 campaign when the Prohibition National convention nominated Aaron S. Watkins of Germantown, Ohio, after learning from William J. Bryan that he would not accept the nomination voted him yesterday. Mr. Watkins won on the second ballot after he and R. H. Patton of Springfield, Ill., had each received 85 votes on the first.

The vote was:
Aaron S. Watkins, 108.
R. H. Patton, 74.
D. A. Poling, 24.
C. A. Randall 2.

It took 105 votes to nominate. Mr. Watkins is a professor of litterature in a Germantown military academy. He was a professor in Ada College, for several years and was vice-presidential candidate on the Prohibition ticket in 1908 and 1912.

D. Leigh Colvin, of New York, an author, was nominated for the vice-presidency on the first ballot. He was born in Ohio. The convention then permanently ad-

SHOULD PROVIDE DEEP WATER ROUTE

DETROIT, Mich., July 22. — Congress should act within the coming year to provide a deepwatr rout from the Atlantic to the Great Lakes as a means of developing the commerce and industry of the middlewest, Senator I. L. Lenroot, of Wisconsin, told the Great Lakes-St. Lawrence Tidewater Congress tonight.

Albert Kreli of Cincinnati, president of the Central Inland Waterways association endorsed the project.

TO EXTEND ALASKA MINING OPERATIONS

Seattle, Wash., July 22.—Immediate extension of mining operations in government coal fields of Alaska has been ordered to the end that Alaska coal may eventually provide the fuel not only for naval purposes but for commercial ships in the Pacific. This announcement was made here tonight by Secretaries Daniels and Payne who returned on the Battleship Idaho from an inspection trip in the north.

WILL PLACE A THIRD PARTY IN FIELD

St. Louis, July 22.—Sheridan Carlyle, a local lawyer, and national committeeman from Missouri of the farm-labor party formed in Chicago last week, today announced a state convention of "liberals" would be held here August 15, at which a third party ticket for congress and state offices would be placed in the field.

PREPARE FOR ACTIVITIES AGAINST BOLSHEVIKIN

Berne, Switzerland, July 22.—According to Ukrainian advices great preparations are being made for activities on a large scale against the Bolsheviki in Ukrainia by Generals Wrangel and Machno.

RAILWAYS SHOWS PLAN TO RAISE NEW REVENUE NEEDED

No Single Department Would Bear Entire Burden

COMMISSION GIVES NO OPINION

WASHINGTON, July 22. — To provide an additional revenue necessary to meet the $600,000,000 increase in wages awarded by the railway labor board the railways of the country proposed today to the interstate commerce commission that passenger rates be advanced twenty per cent and freight rates 9.13 per cent in addition to the 27.6 per cent previously requested. They also proposed that a surcharge of 50 per cent be made on Pullman fares, that excess baggage rates be increased twenty per cent and that milk tariffs be increased to the same level as freight rates.

Percentages Shown

Should the increases proposed today and those previously asked for be granted in full existing freight rates would be advanced 36.9 per cent and the nation's freight bill would be increased by $1,355,370,675. The total which would be added to the passenger revenue would be $233,827,982 annually. Pullman charges would go up $43,639,344 a year, the revenue on milk would be increased $8,662,089 and excess baggage charges would be advanced by $1,420,995.

The plan advanced by the railroad executives disclosed that they have estimated the wage award at approximately $626,000,000 instead of the $600,000,000 figured by the labor board. It was explained the $26,000,000 additional was figured on the basis of overtime allowances provided in the award.

Commission is Silent

The proposal had been worked out at conferences of railway officials here since the announcement of the wage award Tuesday. The commission made no comment and did not indicate whether it would order hearings.

Hearings on the billion dollar freight rate increase cases were concluded two weeks ago and the general expectation has been the commission would grant a single increase to cover that and the added expenses resulting from the wage advances so as to permit the filing of the new tariffs before the government guarantee to the railroads expires September 1, under the terms of the transportation act.

The total increases from all sources of revenue in eastern and western railway classification territories would be as follows:

Eastern—$318,729,935.
Western—$237,281,655.

Under the executives' estimates the proposed increase in passenger rates would yield an additional return of $11,668,982 in eastern territory and $92,233,599 in western.

Detailed Increases

The additional increase in freight rates would be ten per cent in eastern territory yielding $182,020,541 and 8.23 per cent in western yielding $122,551,208.

The total increase in freight rates would be 39.75 per cent in eastern territory and 32.03 in western.

The surcharge on Pullman fares in the east would be $17,556,108; and west, $20,231,200.

The increased charge on hauling milk would be $6,956,416 in the east and $1,453,558 west.

The increase in excess baggage charges was estimated at $278,888 in the east, and $713,090 in the west.

AMERICANS READY TO LEAVE WARSAW

WARSAW, July 20. — By The Associated Press.—Americans in Warsaw are considering sending their wives and children westward within a few days if the Bolsheviki offensive against Poland is not checked by the military or brought to an end by an agreement with the allies. It is estimated there are about 1,100 Americans here. The civilian evacuation of Grodno has been completed.

WILL CONFER ON WAGE AWARD

Cincinnati, July 22.—General and local chairmen of the Order of Railroad Telegranhers for the district of Ohio, Kentucky and Indiana will begin conferences here tomorrow to consider the wage award of the railroad labor board.

TWENTY MINUTES TO GET A DIVORCE

Kansas City, Mo., July 22.—A record in obtaining a divorce in Kansas City was made today. Twenty minutes after her petition was filed, Judge Burney in circuit court granted Mrs. Neva McCauley a decree.

Moline, Ill., July 22.—Julius Johnson today announced his candidacy for the Republican nomination for state auditor of public accounts. He expects indorsement of the Chicago city hall.

GOMPERS SAYS RAILWAY MEN WILL NOT STRIKE

Declares "Sop" Was Thrown to Each Railway Worker

REAL RAILROADING WIL SOLVE THE PROBLEM

WASHINGTON, July 22.—Discussing the wage award of the railroad labor board, Samuel Gompers, president of the American Federation of Labor, in a statement tonight declared that while the railway employes are disappointed "it is indicated they will not" strike to enforce a fairer decision of their needs.

He said that the men affected had a right to be disappointed at the "first test of the wage-making side of the Esch-Cummins act."

He declared a "sop has been thrown to each railway worker," and added "that collectively they may feel themselves morally bound to accept it."

The labor leader announced his opposition to proposed increases in railway rates to care for the wage increases. Such action or the levying of taxes to make up deficiencies, would be unnecessary, he declared if railways were operated more efficiently.

"Much has been said in the press about the estimated aggregate wage increase granted to the railway men of the country by the railroad wage board," said Mr. Gompers. "The figure, $600,000,000 is large and it sounds imposing and awesome. Most of us have no adequate idea of what so much money means or would look like.

"The honest method of applying the increase is to apply it to the individual. It is estimated the average wage of a section worker under the award, will be $101.00 per month, or less than $25 a week. The average wage of an engneer will be about $280.00 per month or less than $70.00 per week. These are the highest paid and the lowest paid. The standard of living that is possible for these clasifications is not that which is possible to men doing like work in other industries.

"There are other phases of the railway situation equally serious. The country wants to know how this wage increase is to be met.

"I venture to say it is possible to so increase the operating efficiency of the railways as to not only afford a proper wage to the workers but to allow a proper reterurn to railway investors.

"The question of ownership is not involved. The question is one of making the roads do what they were built to do and what they might do. The present condition and the present state of fright over the outlook is a terrific indictment of railroad executive brains.

"When the actual operating forces of our railway systems were dethroned by the financial powers railroading lost that vital spark that must return to life and virility if the problem is to be solved.

"Let operating brains be put to work and the solution of the railway problem will be found. The answer is not in leying taxes. It is in real railroading."

TREATRICAL MAN DIES AT CHAMPAIGN

CHAMPAIGN, Ill., July 22. — John D. Wimandy, known in the theatrical world as Jack Volair, died last night at the Burnham hospital from injuries received on June 27 in an automobile accident at the outskirts of Champaign while driving from Bloomington to this city. His back was broken and at no time was hope held for his recovery. He realized the seriousness of his injury and on the day following the accident was re-married to Mrs. Mary McDonald to legalize according to religious canons, a previous marriage. His wife was at his bedside when death came. She was not in the accident, but came here the day after it occurred and remained with him. George Roy and family, who were in the accident, have recovered from injuries they received. The body of Wimandy will be taken to Boston, Mass., for burial.

CROWN PRINCE CONDOLES KAISER

Doorn, Holland, July 22.—(By The Associated Press.)—Former Crown Prince Frederick William, arrived here yesterday to console his father on the death of Prince Joachim who recent committed suicide and consult with the former emperor concerning when and how to tell the former empress the news.

The latter must be informed before the end of the week as she is expecting Joachim to arrive Saturday with his child.

WINS OPEN GOLF CHAMPIONSHIP

White Bear, Minn., July 22.—Jack Burke, professional, St. Paul, won the state open golf tournament championship for the second consecutive time at the White Bear Yacht Club course today.

FIRE DESTROYS SALT AND LUMBER PLANT

Manistee, Mich., July 22.—Fire of unknown origin destroyed the lumber and salt plant of the Buckley and Douglas Lumber Co., here early today, causing a loss estimated at $1,000,000. The plant was said to have been the largest of its kind in the world.

MINE WORKERS QUIT JOBS AND DEMAND INCREASE IN SALARY

Strikes Spread and More Than Half of Illinois Mines Idle

OPERATORS MAKE APPEAL TO WILSON

WASHINGTON, July 22.—Illinois Coal Operators today appealed to President Wilson to take some action to check the strike of laborers employed at their mines.

In a memorandum left for the president's consideration the operators express the fear that the strike might spread from Illinois thruout the central competitive field, stopping bituminous coal production in Indiana, Ohio and Western Pennsylvania as well as in Illinois.

U. S. Advice Sought

No course of action was suggested to the president by the operators who asked his guidance as to the method for dealing with the demands of the men for a wage advance of $2 a day. No answer had been received by the operators tonight and they remained here for a conference tomorrow with Scretary Tumulty.

The operators' memorandum explained they felt bound not to depart except thru some governmental action, from the existing contract with the men, based on the wage scale fixed by the government commission named to settle the coal strike last fall.

While here the operators' committee received reports from Illinois which they said showed that half of the mines in the state are idle, causing a loss in production of 250,000 tons daily, or two-thirds of the state's normal output.

Purposes Shown in Letters

Copies of letters, signed by state and local officers of the union, were included in the operators' memorandum. One letter bearing the names of Frank Farrington, Harry Fishwick and Walter Nesbit, union officials in Illinois declared "we are determined, injunctions and indictments notwithstanding, to use every power and influence at our command" to get increases for the laborers, adding that it was unknown what means would have to be employed to do this.

The laborers or shift men who are on strike comprise about one-fourth of the mine workers but without them the operators said they cannot operate the mines. Their wages at present range from $4.36 to $5.54 a day.

Strikes Spreading

Belleville, Ill., July 22. — The unauthorized strike launched by day laborers in the southern Illinois fields yesterday continues to spread according to reports reaching here tonight.

Approximately 4,000 men are said to have been affected in walkouts at Pana, Kincaid, Assumption, Tovey, Taylorville and Nokomis today and, according to the strikers estimates approximately 20,000 men are now idle.

Miners' officials at Staunton announced today a strike will be called in the mines there August 1 unless the demands of the strikers are granted. This will affect about 2500 men, it was said.

Danville Mines Close

Danville, Ill., July 22. — Two leading mines have already closed and all other local union mines will be shut down at midnight tonight when the miners will obey an order to strike following the refusal of operators to increase wages. About 4,000 miners are involved here.

GEN. PERSHING IN CIVILIAN CLOTHES

Boston, July 22.—General Pershing in uniform is a figure familiar to the country; John Pershing in civilian clothes, passed unnoticed by thousands on the streets of this city. He passed through Boston to begin a short stay at Nausson Island today, as the guest of W. Cameron Forbes, former governor general of the Philippines and was recognized by only one person. In dark suit, panama hat, soft collar and white tie, the general strolled about with his son, Warren, and his aide.

U. of I. PROFESSOR GOES TO WISCONSIN

Urbana, Ill., July 22.—Dr. P. B. Potter, associate in political science at the University of Illinois has resigned to accept a position at the University of Wisconsin. He is a graduate of Harvard, taught two years at Yale. During the war he was connected with the Carnegie endowment for national peace and collected data used at the peace conference. He studied political problems in England, and France in 1916.

BOLSHEVIKI THREATENS GREAT BRITAIN

London, July 22.—A Bolshevik despatch from Moscow tonight threatens vengeance against the British and Finns should Great Britain deport Santeri Nuorteva, once secretary to L. C. A. K. Martens, Russian Bolshevik representative to the United States to Finland and harm should befall him.

RAILROAD UNIONS WILL ACCEPT WAGE DECISION BUT UNDER PROTEST

Action Came After Heated Debate Among Executive Heads of Sixteen Organizations —Telegraphers Charge Discrimination and Order Referendum.

CHICAGO, July 22.—Acceptanee under protest of the United States railway labor board's wage decision was decided upon at an executive conference here tonight by all of the sixteen recognized railroad unions except one, it was announced following the meeting by Timothy Shea, grand chief of the Brotherhood of Railway Trainmen.

The one exception was the Brotherhood of Railway Telegraphers, which referred the award to its membership together with a strike proposition. The fifteen other organizations decided that they would renew their case before the labor board.

The organizations which accepted the award expressed dissatisaction with the amount of increases granted but decided upon acceptance in order, they stated, to receive the back pay due them under its provisions. Leaders said they would present a new request for further increases in wages to meet what they considered a "fair wage."

Charge Discrimination

The telegraphers declared they "apparently had been unjustly discriminated against by the board without any explanation for this discrimination." They received a smaller amount than any other organization and the representatives who were in this city have referred the award to the membership without recommendation.

Acceptance under protest was announced by the following organiaztions:

Brotherhood of Locomotive Engineers.
Brotherhood of Locomotive Firemen and Enginemen.
Order of Railway Conductors.
Brotherhood of Railroad Trainmen.
Switchmen's Union of North America.

Referendum Ordered.

The award will be submitted to the membership of the following organizations for a referendum, with the recommendation that it be accepted:

International Association of Machinists.
International Brotherhood of Boilermakers.
Iron Shipbuilders and Helpers of America.
Brotherhood of Railway Carmen of America.
International Brotherhood of Blacksmiths, Drop Forgers and Helpers.
Sheet Metal Workers' International Alliance.
International Brotherhood of Electrical Workers.
Brotherhood of Railway and Steamship Clerks.
Freight Handlers, Express and Station Employes.
The United Brotherhood of Maintenance of Way Employes and Railroad Shop Laborers announced its acceptance without a referendum as did the Brotherhood of Stationary Firemen and Oilers.

In explaining their decision the Order of Railway Conductors in a statement declared it was felt "that the public interest demands acceptance." The conductors will meet again tomorrow they announced. The railway unions final decision ended three days of conferences. Following tonight's conference practically all the general chairmen returned to their homes while all the union executives will depart tomorrow.

WILL NOT INDORSE ANY PRESIDENTIAL CANDIDATE THIS YEAR

Will Compile Record of Candidates and Make it Public

WILL BE ACTIVE IN CONGRESSIONAL ELECTIONS

WASHINGTON, July 22.—The Anti-Saloon League of America will not endorse any presidential candidate for election this year but has ordered a compliation of facts as to the prohibition record and present stand of each candidate, and will make this public. This announcement was made by the executive committee of the organization tonight after an all day session in which superintendents of many of its state branches participated.

A special committee headed by Dr. P. A. Baker, general superintendent of the league was authorized by resolution carefully and impartially to obtain the official records, public utterances and present attitude of each candidate for the information of the constituency of the league.

Dr. Baker when asked when the league expected to question directly Senator Harding or Governor Cox, replied that was a question for the committee to consider. The executive committee announced that the league however would take a direct and certain part in the election of members of congress. It was added that "this will be necessary as long as any politican attempts to nullify the 18th amendment."

GOV. PARDONS FORMER MAYOR OF COFFEEN

Was Serving 260 Days in County Jail for Tampering with Ballots in 1916 Election.

Springfield, Ill., July 22.—Former Mayor William Newsome of Coffeen, near Litchfield, serving a sentence of 260 days in jail for "tampering with ballots" in the election of 1916, was pardoned today by proclamation of Governor Lowden. The former mayor, whose conviction in the Montgomery county circuit court was upheld by the supreme court, has already served 180 days of his sentence.

The state board of pardons and paroles, upon whose recommendation the pardon was issued found that Newsome was unable to mark ballots, that he was able neither to read nor write. Politicians who acted prominently in securing his conviction have changed front and almost unanimously asked his release.

MAGISTRATE DISMISSES CASE AGAINST UMPIRE

Peoria, Ill., July 22.—When arraigned today before Magistrate Michael on charges of assault with a deadly weapon, Umpire William Burnside was dismissed. Deputy Sheriff West who swore out the warrant for his arrest refused to appear against him, upon persuausion of the Peoria Fans' assocation to drop the case.

Umpire Burnside struck Manager Jackson with a mask during an argument at yesterday's game.

WILL WELCOME HOME FARMER-LABOR NOMINEE

Salt Lake City, Utah, July 22. —A parade in which all labor bodies, members of fraternal orders and the candidate's friends were invited to joint was the principal event planned to welcome Parley P. Christensen, farmer-labor nominee for president on his return to his home here late today.

MISSOURI WILL IMPROVE ROADS

Jefferson City, Mo., July 22.—The state highway board announced today immediate steps will be taken to expend $60,000 for road building in every county where no road improvement bonds have been voted. The work will spread over 50 miles in each of the counties it was announced.

ALEDO MAN FILES FOR GOVERNOR

Springfield, Ill., July 22.—Oscar E. Carlstrom of Aledo, filed his petition as independent Republican candidate for governor, here today. He will have second place on the ballot. The principal plank in Mr. Carlstrom's recently announced platform, declares for municipal home rule.

William H. Pontow, Democrat, Chicago, filed for senator from the sixth district. William C. Maucker, Democrat, Rock Island, filed for state representative of the thirty third district. Matt Franz, Democrat, Chicago, filed for clerk of the first district appellate court.

WEATHER INDICATIONS AND TEMPERATURES

RESIDENT OF MORGAN VICINITY INJURED

John Anderson Suffers Injury While Engaged in Threshing Work — Other News Notes From Morgan Neighborhood.

John Anderson was severely bruised about the back last Saturday while helping Ira Bonds thresh. He was coming down a hill with a load of wheat bundles when the front standard of the wagon rack broke letting John and a portion of the bundles fall between the front of the wagon and the team as he was coming down hill the team could not stop and Mr. Anderson was rolled along for quite a distance. He was taken to the home of Ira Bonds and a physician called. Altho he is getting along as well as could be expected, it will be several days before he will be able to be removed to his home.

Mr. and Mrs. Lee Robbins and family spent Sunday with their daughter, Mrs. Herbert Ballard and family near Chambersburg.

Clyde Williams was calling on Mr. and Mrs. William Stumborg at Griggsville Suuday afternoon.

Mr. and Mrs. Charles H. Taylor attended the ball game at Pittsfield Saturday between Chapin and Pittefield.

Mrs. Truman Rigor and wife were Meredosia shoppers Friday.

Charles Drake shipped a car load of pigs Monday night.

Mr. and Mrs. Bert Hull of Kewanee were visiting last week with the former's aunt, Mrs. Charles Nergenah.

Mr. and Mrs. Charles Nergenah and son, Mr. and Mrs. Bert Hill and Ed Gilliland were fishing near Meredosia Saturday.

Mr. and Mrs. Jake Christison spent Sunday with Mr. and Mrs. Chester Williams.

Mrs. Neil Ballard is spending a few days with Mrs. Chester Williams.

Tom and Effie Markham were Sunday callers at the home of Clyde Williams.

William Brownlow of Chapin was a business caller in this vicinity Monday.

WANTED LABORERS
50 cents per hour. Apply Walbridge Engineering Co., Jacksonville Filter Plant.

WOODSON WOMAN'S CLUB HELD MEETING

New Club Held First Meeting—Charter Will be Open Until September.

Woodson, July 21.—The Woodson Woman,' Club met today in the Christian church. There was a fair attendance of ladies present and fifteen names were presented for membership. The charter will be open until September and it is hoped that there will be a large attendance present at the next meeting which will be held in the church on August 17.

WANTED LABORERS
50 cents per hour. Apply Walbridge Engineering Co., Jacksonville Filter Plant.

FEARFUL AUTO ACCIDENT

G. B. Andre came near witnessing a bad auto smashup Tuesday afternoon near Bates. A Ford car was going north on one road and a Buick east. Each driver thought he would beat the other to the corner and both put on speed but according to the law the Ford had the right of way. At any rate the cars came together with a fearful crash. The Ford knocked the Buick 25 feet, smashed two wheels, turned it squarely around and on its side. The Ford sustained two wrecked wheels and both were damaged otherwise. The driver of the Ford was hurt some by glass from the wind shield but none were seriously injured. The Ford car was from Indiana and the Buick from Nebraska.

VISITOR FROM LITERBERRY

W. E. Murray was down to the city from Literberry yesterday. He said threshing was in full blast and yields are generally in excess of expectation. C. H. Hall and William Decker reported excellent yields, more than thirty bushels to the acre of wheat. People along the line of the C. P. & St. L. road are feeling especially complacent over the wheat shipping arrangement whereby grain is promptly moved right along in special cars not used for anything else.

COUNCIL WILL ASK FOR BIDS ON BONDS

Instruct Mayor to Proceed to Advertise for Bids — Council Seemed of Opinion That Method Would be More Satisfactory.

Bonds of the filtration and power plants and the consolidated power and light plants will be advertised for sale in accordance with action taken at an adjourned meeting of the city council Wednesday evening.

The council adjourned the regular session until last night as Mayor Crabtree was in St. Louis consulting with bond houses relative to purchasing the bonds. Roll call showed all aldermen present except Moore and Williamson Mayor Crabtree presiding.

Mayor Crabtree told the council something of his trip to St. Louis relative to the sale of bonds for the filtration, power and consolidated light and power plants.

The mayor said that the money market was very tight at present and with little prospect of improving. In fact he said that he believed it would get worse for some weeks to come.

He told of his visit to William R. Compton & Company who recently purchased the school board bonds. Mr. Compton told Mr. Crabtree that the city might as well sell its bonds now and stand a loss as the situation would not improve.

The firm offered to purchase the bonds at private sale and agreed to give as high price as the city probably would get by advertising. The firm also said they would make a better figure than the one received by the board of education.

Favor Open Methods

Mayor Crabtree told the council that if he were doing business for himself he would have sold the bonds right there. However, he did not feel this was the proper thing to do. He believed it better to follow the policy of the administration in the past and advertise for bids and to have everything open and above board.

Ald. Chapin said that he probably would sell the bonds at private sale if he were doing the business for himself. However, the aldermen thought that inasmuch as the bonds would sell below par that it would be best to advertise for bids in order to avoid criticism.

Ald. Cain and Flynn agreed with Ald. Chapin. Ald. Ehnie said that few people understood the bond market and that few if any would ever know whether or not the council had advertised for bids. Ald. McGinnis favored selling at private sale as he believed that a better price could be secured.

After a thoro discussion of the matter the council decided that it would be better to follow the administration policy and advertise for bids as there was nothing to conceal and the council wanted the public to know just what was being done.

Ald Cain seconded by Ald. Flynn then offered a motion that the Mayor proceed to advertise for bids for the sale of $35,000 worth of filtration plant bonds, $44.000 worth of power plant bonds and $30,000 worth of consolidated light and power plant bonds. The motion carried by a unanimous vote.

The council then on motion, adjourned.

Deaths

Cunningham.

Robert Turner Cunningham was born near Murrayville, Ill., Dec. 18, 1848, and died at his home, 911 West College avenue, at 1:15 p. m., Wednesday, July 21, 1920. He came of a Godly Scotch family, his parents being Alexander and Mary McKean Cunningham. He was married to Isabella V. Beattie of Virden, Ill., and to this union were born, two daughters, Mamie E., and Mellie A., who with his wife survive him. He leaves also two brothers, James K. Cunningham, of Murrayville, and Rev. A. M. Cunningham, of China, and two sisters, Mrs. Elizabeth Williams, of Crowley, La., and Mrs. Charles McCracken, of Manchester.

Robert Cunningham's life was characterized by an unaltering faith in God a wonderful love for all, and communion with his Savior, and a consuming desire to help those who needed help—the unfortunate ones. To this end, he went to Chicago and for fifteen years, engaged in city mission work under the direction of the Chicago Tract society. At the time of his death, he was affiliated with the Moody church, of Chicago, tho for many years prior to going there he was an active member of Unity Presbyterian church of Woodson, which he served as elder and superintendent of the Sunday school.

For the past five years he has been in failing health, gradually growing weaker until the change came for which he was so well prepared. A neighbor expressed it beautifully in the words 'How much Mr. Cunningham will enjoy Heaven."

The funeral will be held from the residence, Friday morning at ten o'clock, in charge of Rev. W. H. Marbach, and interment will be in Diamond Grove cemetery.

MISS MOORE RETURNS FROM OVERSEAS

A telegram received yesterday from Miss Margaret King Moore brought news of her arrival in New York on the Princess Matoika from Antwerp. Miss Moore has been overseas for the past fifteen months in Y. W. C. A. work.

GO TO MICHIGAN.

Mr. and Mrs. T. M. Tomlinson and daughter are leaving this morning for Pentwater, Mich., where they will spend several weeks in an effort to escape the hot weather.

GIVE OUT FIGURES OF JULY 4TH EXPENSES

Expenditures Show That Committee Was Careful in its Work—Deficit of $15.61.

Good management is shown in the report of the committee which had charge of the Fourth of July celebration in Jacksonville. In the figures made public yesterday by the secretary of the committee, George Edman, there is a shortage of only $15.61 between the amount subscribed and the amount spent.

The total subscribed was $1,531.00 and the officials are confident of collecting the entire amount. The use of the budget system is largely responsible for the close figuring.

Expenditures were as follows:

Prizes for parade.....	$ 115.00
Vaudeville	271.31
Special police	40.00
Boxing exhibitions	145.00
Decorations	275.00
Music	271.60
Labor on platforms....	89.00
Andrews Lumber Co. ..	122.05
Advertising	217.65
Total	$1,546.61
Shortage	15.61

ALL COUNTY HEALTH SURVEY IS PROPOSED

Representative of State Health Board Here to Confer With County and City Officials.

Edward A. Hardt, a representative of the state department of health, was in Jacksonville Wednesday for conference with county and city officials. Mr. Hardt's visit was to discuss the advantages and possibilities of employing an all time health officer to serve both the city and county. A number of Illinois cities now have an all time health officer and the state department recommends the plan for all county use. It has been tried out successfully as a county proposition in a number of states.

Prevent Diseases

The all time health officer plan is a development. In many cities in the past, especially those of smaller size, the custom has been for a physician to be employed as public health officer and paid a small salary. As health official the physician has not been expected to give much of his time to the work and he is but poorly paid for such time as he does give. The records of cities and counties show that the salary paid such a health officer does not by any means represent the expenditures of the department.

It has been the experience in cities where an all time health officer has been employed that a great deal is accomplished in combatting preventable diseases. Communities are made healthier and that the cost of maintaining the health department is not larger than under the old system.

An all time health officer qualified by training and experience for the work must of necessity be paid a substantial salary. As already indicated, the salary now paid a health warden does not by any means represent the total expense of the health department. The indigent sick are cared for by different physicians and bills for services given are filed against the county. Then there are large expenditures in the handling of contagious diseases. Experience has shown that with the health officer directly in charge of all contagious diseases, that much can be accomplished in the matter of both spread and prevention.

Ready for Survey

Not long since Mayor Crabtree asked the state department of health to send a representative here. This request was made after the mayor had consulted with Commissioners Wheeler and Wyatt of the county board. The visit of Mr. Hardt, who has been connected with the department thru a period of years, was the result of the invitation. The whole matter was gone into thoroly and the visitor told something of the expresence of other cities.

It was agreed by the county and state officials that they are ready to try out the all time health officer plan if a survey of the county shows that the time of such an officer could be profitably employed and if satisfactory arrangements can be made for the expenditures of the department.

It was agreed that the state department will be asked to make a survey of the county in order to arrive at the exact conditions and needs. Such a survey will entail practically no expense to either the city or the county.

J. DEVLIN,
Committee.

DEPARTMENT HAS STILL ALRM

The fire department responded to a still alarm about 8:35 o'clock Wednesday morning. Some excelsior and trash in the alley in the rear of the Gilbert South Side drug store had caught fire and threatened to set fire to the old fire escape on the building. No damage resulted.

BACK FROM OMENA.

C. H. Russell has returned from a brief stay at Omena, Mich. Mrs. Russel and Miss Jeanette Russell will remain for an extended stay at the northern resort.

SHOULD LOOK AFTER SPECIAL TAXES AT ONCE

Report Should Be Made at Once All Work Can Be Done Here, Saving Expense of Springfield Trip.

As the month of July is almost gone, it is time that all merchants, manufacturers and others who are responsible for the collection and payment of war taxes, or taxes on special occupations, to make up their reports or applications at once.

The Revenue Office, Room 209 Scott Block, West State Street, is now in regular running order, and those in charge are prepared to render assistance or provide information and blanks for the use of taxpayers.

Deputy Collector S. J. Tompkins will be in the office a portion of the time between this date and July 31. Anyone wishing to consult him, concerning any phase of revenue matters should make an appointment with him for that purpose. Mrs. T. E. Methven who is the Stamp Deputy will be in the office every day during business hours and will arrange appointments for Mr. Tompkins, in his absence. She is also prepared to render assistance in making up applications for Special Tax Stamps or to complete returns for war tax for the month of June.

Inasmuch as this office has been established, purely for the convenience of local taxpayers, the business men and citizens of Jacksonville should make an effort to handle all revenue business here as far as possible, rather than by correspondence with the Springfield office.

Collector of Internal Revenue John L. Pickering has made a determined effort to provide convenient and permanent headquarters in Jacksonville so that those who have revenue business to transact, will not be required to take the time or go to the expense of a trip to the Springfield office for the transaction of business.

NOTICE
We will open again for business Friday morning after being closed temporarily to adjust the loss caused by the fire Monday night.

DR. LYNN PYATT GOES TO HIS ALMA MATER

Resigns Indianapolis Pastorate to Become Member of Faculty of Transylvania University.

A large number of local residents will be interested in reading the following article about Rev. C. L. Pyatt, which appears in the current issue of The Christian-Evangelist, the leading publication of the Christian church. Rev. Mr. Pyatt was born and grew to manhood in this city and is a member of a family long prominent in the country. He has filled the pulpit of the Centenary Christian church at Indianapolis until recently, when he resigned to accept a professorship in the department of New Testament at Transylvania university at Lexington, Ky. The article referred to follows:

"On the recommendation of President Crossfield and by unanimous vote of the board of trustees, Chas. Lynn Pyatt of Indianapolis, was elected to a professorship in the Department of New Testament at the annual meeting, June 7th. Brother Pyatt was born in Jacksonville, Ill., in 1886, and came from a family that was affiliated with the Christian church in the days of Stone and Campbell. After a period of seven years, he received the A. B. and M. A. degrees from Transylvania and the classical diploma from the college of the Bible, being the valedictorian of his class and receiving high honors. Later, he entered Yale and received the B.D. degree in 1913. In 1916 he received the degree of Doctor of Theology from Harvard, having enjoyed the Williams Fellowship for two consecutive years, being the third man in the history of Harvard to enjoy such distinction.

Dr. Pyatt was a favorite student under President J. W. McGarvey, Professor S. M. Jefferson and Professor B. C. DeWeese, and enjoyed the profound respect of Professors Loos, Gruubs, and Milligan, who were relinquishing their work during the early days of his connection with the college. Professor Pyatt married Miss Grace Strong, a member of a prominent Central Illinois family, in 1910. During his college days he preached at Newcastle, Ky., and organized a church at Berry, Ky. While in New England he preached successfully for the Christian churches at Everett and Boston, Mass. In 1917, shortly after the declaration of war, Dr. Pyatt went to France under the direction of the Y. M. C. A., and saw nine months' service as hut secretary with the second division and nine months' service as American representative in London and France.

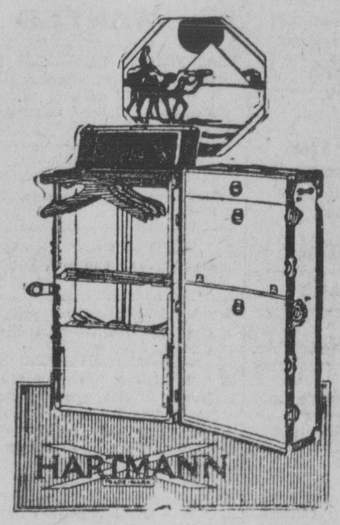

Dr. Pyatt, since his return from the war, has been minister of the Centenary Christian church at Indianapolis, which position he has resigned in order to take up his work in the College of the Bible, September 13th."

AT PISGAH CHURCH.

The Sunday school service at Pisgah Presbyterian church will be held Sunday afternoon at three o'clock. At 4 o'clock Rev. Thomas W. Smith will occupy the pulpit. The people of Pisgah community are looking forward with interest to these Sunday services.

ROSS-BALLARD REUNION

The San Jose (Cal.) Mercury-Herald recently had the following item. Mr. Wm. Ross was a son of Pittsfield's "Grand Old Man", Col. Wm. Ross. Mrs. Ballard, daughter of the Rev. John Ballard of Perry. Both Mr. and Mrs. Ross had acquaintances here where he atended Illinois college:

Family Reunion

The Fourth was very pleasantly celebrated on aSturday by a happy family gathering at the home of Mrs. William Ross, 899 Willow street.

It was particularly interesting to note among the guests, children, grandchildren and great grandchildren, some returned from far distant scenes, including those formerly engaged in active service in the navy, in submarine warfare, and in aviation.

Others came from such widely separated points as New York and Honolulu, and altogether it formed an exceptionally interesting reunion.

FOR SALE
My residence, 1524 South Main St., South Jacksonville. Ideal location. Mrs. Herman Weber.

A UNIQUE WINDOW DISPLAY

It is related of an especially stingy man that when his family wanted to take ice and have an electric fan he instead read to them accounts of the terrible cold in Greenland and Alaska. A stove firm advertising a heater displayed it in a picture amid the snow and ice of Esquimaux land showing a group of natives removing their furs when standing by the stove.

Something like this plan has been adopted by the Jacksonville Railway and Light company. Advertising an electric fan for this hot weather they have placed in their window a winter scene, a house, trees and ground covered, supposedly with snow while about are several electric fans showing why snow is visible these torrid days.

THE FOURTH IN GERMANY.

Mrs. J. Herman has received a letter from her nephew, Mr. Siff, in Germany, telling about celebrating the Fourth. They had greased pig, greased pole, vaudeville and all sorts of stunts and Douglas Fairbanks and his wife who are touring Europe, helped entertain the boys who are very proud of having seen the real Mary Pickford.

S. S. CONVENTION TO BE HELD AT WOODSON

Woodson has extended an invitation which has been accepted for the Morgan county Sunday School convention to be held in that town this year. The dates selected are September 9 and 10.

MURRAYVILLE CLUB MET WEDNESDAY

Mrs. Ella Spencer Hostess to Domestic Science Club—Mrs. Dan Winters Goes to Colorado.

Murrayville, July 21.—The Domestic Science club of Murrayville met this afternoon at the home of Mrs. Ella Spencer. The Woodson Domestic Science club and also the former members of the Murrayville club were guests at the meeting.

The following program was rendered:

Song, "A Little Bit of Love"—Mrs. Charles Short.

Roll call—Answered with names of women who have helped to make history.

Paper, "Women's Sphere"—Mrs. Charles Daniel.

Papers—The Three Sweetest Words in the English Language.
"Mother"—Mrs. S. C. Robinson.
"Home"—Mrs. Jessie Fuller.
"Heaven"—Mrs. W. W. Walker.

After the program the hostess served refreshments.

Mrs. Dan Winters of Murrayville has gone to Colorado Springs where she will visit her daughter Miss Lena Lonergan, who is reported to be fast improving in health and it is hoped that she will soon be able to return to Murrayville.

Just received, two car loads of genuine AMERICAN fence. Hall Bros.

VOL. 54—NO. 178 JACKSONVILLE, ILLINOIS, FRIDAY MORNING, JULY 23, 1920 TWELVE PAGES—THREE CENTS

ONE MAN RULE WILL END IF HARDING IS ELECTED PRESIDENT

G. O. P. CANDIDATE ACCEPTS NOMINATION; TALKS OF COUNTRY'S PROBLEMS

MARION, Ohio, July 22.—Peace by a resolution of congress and after that an effort to form an association of nations that would not impair American sovereignty were promised today by Warren G. Harding in his speech accepting the Republican nomination for the presidency.

He declared the time had come to recognize "the failure attending assumption, obstinacy, impracticability and delay" in President Wilson's attempt to form a league of nations, and that a new pathway must be found to peace and world content.

He also outlined a stand for government by party rather than by individuals, declared railway employes might well be accorded a status of public servants, endorsed cooperative marketing for farmers, and pronounced increased production the key to a lower cost of living.

Many Party Leaders Present

The address, constituting the candidate's personal platform, was delivered at the climax of a day of celebration whic hbrought to Marion a notable company of party chiefs and a crowd of many thousands. Their plaudits and serenading kept the nominee the center of a seven hour reception as delegations paraded past the Harding residence.

Soon after sun-up the march of the first delegations brought the senator to his door step and after that there scarcely was a let up until he left for the notification ceremonies at the pavilion at two o'clock.

Altho seats had been provided for 4,000 many times that number were unable to get within earshot of the speaker. His pronouncements were received with a tumult of applause.

Will Hays, national chairman, presided at the ceremonies and Senator Lodge of Massachusetts formally notified the candidate of his nomination in a speech rapping President Wilson's league of nations and praising the part Senator Harding had taken in preventing its unreserved acceptance.

Believes in Fellow Citizens

Speaking slowly and with a characteristic gravity, the nominee delivered his declaration of policy in a clear, full voice.

Points he wished to drive home with particular force he emphasized by aggressive gestures. His thrusts at the league of nations brought repeated cheering, but the passage the crowd seemed to like best came almost at the end when he voiced his humility in the presence of the responsibilities of the presidency and then, squaring his shoulders added that his confidence in the support of his fellow citizens made him "wholly unafraid."

In his discussion of the league he made no direct recommendation for rejection of the peace treaty and did not take up in detail the league covenant. Contenting himself with the declaration that the league as conceived by the president was unthinkable, he passed on to state his own view of what should be done.

World Relationship

"In the call of the conscience of America is peace," he said, "peace that closes the gapping wound of world war and silences the impassioned voices of international envy and distrust. With a senate advising as the constitution contemplates, I would approach the nations of Europe and of the earth, proposing that understanding which makes us a willing participant in the consecration of nations to a new relationship, to commit the moral forces of the world. America included to peace and international justice still leaving America free, independent and self-reliant, but offering friendship to all the world."

At the conclusion of the speech the senator returned to his home but several of the visiting delegations called again to say good bye. It was his first big day of handshaking since his nomination and he was tired ont by the time it was over.

PREFERS DEATH TO FATHER'S PUNISHMENT

New York, July 22.—Preferring death to punishment by her her father, 11-year-old Angelina Scire, threw herself from the window of her home into the yard four stories below.

Angelina believed her father was coming to punish her for quarreling with a neighbor girl, the police say. She left her parents this note: "I was no use. To get killed I throw myself out the window, because I need."

ANNOUNCE MAKE-UP OF FENCING TEAM

New York, July 22. — George H. Breed, captain of America's fencing team in the Olympic games, today announced the final make-up of the team, which includes four men from the army and five from the navy.

Senator Harding Reveals His Spirit

"Mr. Chairman, members of the committee, my countrymen, all: I would not be my natural self if I did not utter my consciousness of my limited ability to meet your full expectations, or to realize the aspirations within my own breast, but I will gladly give all that is in me, all my heart, soul and mind and abiding love of country, to service in our common cause.

"I can only pray to the Omnipotent God that I may be as worthy in service as I know myself to be faithful in thought and purpose. One can not give more. Mindful of the vast responsibilities I must be frankly humble, but I have that confidence in the consideration and support of all true Americans which makes me wholly unafraid.

"With an unalterable faith and in a hopeful spirit, with a hymn of service in my heart, I pledge fidelity to our country and to God, and accept the nomination of the Republican party for the presidency of the United States."

WILLIAM J. BRYAN AGAIN DECLINES TO WEAR DRY CROWN

Says Could Focus Attention on Prohibition Cause Alone.

DOES NOT YET KNOW HOW HE WILL VOTE

BOZEMAN, Montana, July 22.—William Jennings Bryan this afternoon announced positively that he "would not" accept the nomination for president tendered him by the prohibition national convention at Lincoln, Neb.

The first intimation of his nomination was received by him at 1 p. m., at Madison Lake, upon his return from a forenoon of fishing when he read an Associated Press despatch giving the text of the telegram sent to him by the convention. He was forty miles from any telegraph office at the time but as soon as he reached Norris, Montana, he telegraphed a reply declining the nomination.

Mr. Bryan's telegram says:

"I cannot in justice to the Prohibition party nor to myself accept the nomination. My connection with other reforms would make it impossible for me to focus my attention upon the prohibition question alone and besides I am not willing to severe my connection with the Democratic party which has so signally honored me in years past.

"I have not decided yet how I shall vote this fall, but whatever I may feel it my duty to do in this campaign, I expect to continue as a member of the Democratic party and to serve my country thru it."

STORY OF SECOND WILL TOLD IN COURT

CHICAGO, July 22.—The story of the execution of the disputed second will of James C. King, multi-millionaire lumberman, was told in circuit court today by Mrs. Mary C. Melvin, sister of Maude A. King, slain widow of the lumberman. She will be the chief beneficiary if the document is submitted to probate. Her story followed closely that told before Probate Judge Horner who declared the attempt of Mrs. Melvin and Gaston B. Means, discoverer of the alleged will to have the will probated, was a "fraud."

ATHLETICS RELEASE OUTFIELDER AMOS STRUNK

Philadelphia, July 22.—Amos Strunk, outfielder of the Philadelphia Athletics, has been released by Connie Mack by the waiver route, but whether Strunk goes to the Chicago White Sox or the Boston Red Sox was apparently on open question late tonight. Strunk announced he was going to the western team, but a message from Boston sai dhe was claimed by Manager Ed Barrows of the Boston Americans.

THIRTY PIECE BAND WILL ATTEND FUNERAL

San Jose, Cal., July 22. — A thirty piece band will be in attendance at the funeral of Jose Castro, aged inmate of the county hospital here, whose body was found today in a pond in a downtown park. Five years ago he deposited in a local bank money to cover his funeral expenses and contracted with an undertaker to provide a thirty piece band and a hearse drawn by six white horses.

CAN INSURE YOUR PRIVATE STOCK NOW

New York, July 22.—Insurance companies here today announced the inclusion of liquor clauses in their burglary policies to protect owners of private stocks.

PROHIBITIONISTS ALSO NOMINATE MAN FROM OHIO

Aaron S. Watkins Chosen When Bryan Refuses Nomination

CANDIDATE FOR VICE PRESIDENT IN 1908

LINCOLN, Neb., July 22.—Ohio got its third presidential candidate for the 1920 campaign when the Prohibition National convention nominated Aaron S. Watkins of Germantown, Ohio, after learning from William J. Bryan that he would not accept the nomination voted him yesterday. Mr. Watkins won on the second ballot after he and R. H. Patton of Springfield, Ill., had each received 85 votes on the first.

The vote was:
Aaron S. Watkins, 108.
R. H. Patton, 74.
D. A. Poling, 24.
C. A. Randall 2.

It took 105 votes to nominate. Mr. Watkins is a professor of litterature in a Germantown military academy. He was a professor in Ada College, for several years and was vice-presidential candidate on the Prohibition ticket in 1908 and 1912.

D. Leigh Colvin, of New York, an author, was nominated for the vice-presidency on the first ballot. He was born in Ohio. The convention then permanently ad-

SHOULD PROVIDE DEEP WATER ROUTE

DETROIT, Mich., July 22. — Congress should act within the coming year to provide a deepwatr rout from the Atlantic to the Great Lakes as a means of developing the commerce and industry of the middlewest, Senator I. L. Lenroot, of Wisconsin, told the Great Lakes-St. Lawrence Tidewater Congress tonight.

Albert Krell of Cincinnati, president of the Central Inland Waterways association endorsed the project.

TO EXTEND ALASKA MINING OPERATIONS

Seattle, Wash., July 22.—Immediate extension of mining operations in government coal fields of Alaska has been ordered to the end that Alaska coal may eventually provide the fuel not only for naval purposes but for commercial ships in the Pacific. This announcement was made here tonight by Secretaries Daniels and Payne who returned on the Battleship Idaho from an inspection trip in the north.

WILL PLACE A THIRD PARTY IN FIELD

St. Louis, July 22.—Sheridan Carlyle, a local lawyer, and national committeeman from Missouri of the farm-labor party formed in Chicago last week, today announced a state convention of "liberals" would be held here August 15, at which a third party ticket for congress and state offices would be placed in the field.

PREPARE FOR ACTIVITIES AGAINST BOLSHEVIKIN

Berne, Switzerland, July 22.—According to Ukrainian advices great preparations are being made for activities on a large scale against the Bolsheviki in Ukrainia by Generals Wrangel and Machno.

RAILWAYS SHOWS PLAN TO RAISE NEW REVENUE NEEDED

No Single Department Would Bear Entire Burden

COMMISSION GIVES NO OPINION

WASHINGTON, July 22. — To provide an additional revenue necessary to meet the $600,000,000 increase in wages awarded by the railway labor board the railways of the country proposed today to the interstate commerce commission that passenger rates be advanced twenty per cent and freight rates 9.13 per cent in addition to the 27.6 per cent previously requested. They also proposed that a surcharge of 50 per cent be made on Pullman fares, that excess baggage rates be increased twenty per cent and that milk tariffs be increased to the same level as freight rates.

Percentages Shown

Should the increases proposed today and those previously asked for be granted in full existing freight rates would be advanced 36.9 per cent and the nation's freight bill would be increased by $1,355,370,675. The total which would be added to the passenger revenue would be $233,827,982 annually. Pullman charges would go up $43,639,344 a year, the revenue on milk would be increased $8,662,089 and excess baggage charges would be advanced by $1,420,995.

The plan advanced by the railroad executives disclosed that they have estimated the wage award at approximately $626,000,000 instead of the $600,000,000 figured by the labor board. It was explained the $26,000,000 additional was figured on the basis of overtime allowances provided in the award.

Commission is Silent

The proposal had been worked out at conferences of railway officials here since the announcement of the wage award Tuesday. The commission made no comment and did not indicate whether it would order hearings.

Hearings on the billion dollar freight rate increase cases were concluded two weeks ago and the general expectation has been the commission would grant a single increase to cover that and the added expenses resulting from the wage advances so as to permit the filing of the new tariffs before the government guarantee to the railroads expires September 1, under the terms of the transportation act.

The total increases from all sources of revenue in eastern and western railway classification territories would be as follows:

Eastern—$318,729,935.
Western—$237,281,655.

Under the executives' estimates the proposed increase in passenger rates would yield an additional return of $11,668,982 in eastern territory and $92,233,599 in western.

Detailed Increases

The additional increase in freight rates would be ten per cent in eastern territory yielding $182,020,541 and 8.23 per cent in western yielding $122,551,208.

The total increase in freight rates would be 39.75 per cent in eastern territory and 32.03 in western.

The surcharge on Pullman fares in the east would be $17,556,108; and west, $20,231,200.

The increased charge on hauling milk would be $6,956,416 in the east and $1,453,558 west.

The increase in excess baggage charges was estimated at $278,888 in the east, and $713,090 in the west.

AMERICANS READY TO LEAVE WARSAW

WARSAW, July 20. — By The Associated Press.—Americans in Warsaw are considering sending their wives and children westward within a few days if the Bolsheviki offensive against Poland is not checked by the military or brought to an end by an agreement with the allies. It is estimated there are about 1,100 Americans here. The civilian evacuation of Grodno has been completed.

WILL CONFER ON WAGE AWARD

Cincinnati, July 22.—General and local chairmen of the Order of Railroad Telegraphers for the district of Ohio, Kentucky and Indiana will begin conferences here tomorrow to consider the wage award of the railroad labor board.

TWENTY MINUTES TO GET A DIVORCE

Kansas City, Mo., July 22.—A record in obtaining a divorce in Kansas City was made today. Twenty minutes after her petition was filed, Judge Burney in circuit court granted Mrs. Neva McCauley a decree.

Moline, Ill., July 22.—Julius Johnson today announced his candidacy for the Republican nomination for state auditor of public accounts. He expects indorsement of the Chicago city hall.

GOMPERS SAYS RAILWAY MEN WILL NOT STRIKE

Declares "Sop" Was Thrown to Each Railway Worker

REAL RAILROADING WIL SOLVE THE PROBLEM

WASHINGTON, July 22.—Discussing the wage award of the railroad labor board, Samuel Gompers, president of the American Federation of Labor, in a statement tonight declared that while the railway employes are disappointed "it is indicated they will not" strike to enforce a fairer decision of their needs.

He said that the men affected had a right to be disappointed at the "first test of the wage-making side of the Esch-Cummins act."

He declared a "sop has been thrown to each railway worker," and added "that collectively they may feel themselves morally bound to accept it."

The labor leader announced his opposition to proposed increases in railway rates to care for the wage increases. Such action or the levying of taxes to make up deficiencies, would be unnecessary, he declared if railways were operated more efficiently.

"Much has been said in the press about the estimated aggregate wage increase granted to the railway men of the country by the railroad wage board," said Mr. Gompers. "The figure, $600,000,000 is large and it sounds imposing and awesome. Most of us have no adequate idea of what so much money means or would look like.

"The honest method of applying the increase is to apply it to the individual. It is estimated the average wage of a section worker under the award, will be $101.00 per month, or less than $25 a week. The average wage of an engneer will be about $280.00 per month or less than $70.00 per week. These are the highest paid and the lowest paid. The standard of living that is possible for these clasifications is not that which is possible to men doing like work in other industries.

"There are other phases of the railway situation equally serious. The country wants to know how this wage increase is to be met.

"I venture to say it is possible to so increase the operating efficiency of the railways as to not only afford a proper wage to the workers but to allow a proper return to railway investors.

"The question of ownership is not involved. The question is one of making the roads do what they were built to do and what they might do. The present condition and the present state of fright over the outlook is a terrific indictment of railroad executive brains.

"When the actual operating forces of our railway systems were dethroned by the financial powers railroading lost that vital spark that must return to life and virility if the problem is to be solved.

"Let operating brains be put to work and the solution of the railway problem will be found. The answer is not in leying taxes. It is in real railroading."

TREATRICAL MAN DIES AT CHAMPAIGN

CHAMPAIGN, Ill., July 22. — John D. Wimandy, known in the theatrical world as Jack Volair, died last night at the Burnham hospital from injuries received on June 27 in an automobile accident at the outskirts of Champaign while driving from Bloomington to this city. His back was broken and at no time was hope held for his recovery. He realized the seriousness of his injury and on the day following the accident was re-married to Mrs. Mary McDonald to legalize according to religious canons, a previous marriage. His wife was at his bedside when death came. She was not in the accident, but came here the day after it occurred and remained with him. George Roy and family, who were in the accident, have recovered from injuries they received. The body of Wimandy will be taken to Boston, Mass., for burial.

CROWN PRINCE CONDOLES KAISER

Doorn, Holland, July 22.—(By The Associated Press.)—Former Crown Prince Frederick William, arrived here yesterday to console his father on the death of Prince Joachim who recent committed suicide and consult with the former emperor concerning when and how to tell the former empress the news.

The latter must be informed before the end of the week as she is expecting Joachim to arrive Saturday with his child.

WINS OPEN GOLF CHAMPIONSHIP

White Bear, Minn., July 22.—Jack Burke, professional, St. Paul, won the state open golf tournament championship for the second consecutive time at the White Bear Yacht Club course today.

FIRE DESTROYS SALT AND LUMBER PLANT

Manistee, Mich., July 22.—Fire of unknown origin destroyed the lumber and salt plant of the Buckley and Douglas Lumber Co., here early today, causing a loss estimated at $1,000,000. The plant was said to have been the largest of its kind in the world.

MINE WORKERS QUIT JOBS AND DEMAND INCREASE IN SALARY

Strikes Spread and More Than Half of Illinois Mines Idle

OPERATORS MAKE APPEAL TO WILSON

WASHINGTON, July 22.—Illinois Coal Operators today appealed to President Wilson to take some action to check the strike of laborers employed at their mines.

In a memorandum left for the president's consideration the operators express the fear that the strike might spread from Illinois thruout the central competitive field, stopping bituminous coal production in Indiana, Ohio and Western Pennsylvania as well as in Illinois.

U. S. Advice Sought

No course of action was suggested to the president by the operators who asked his guidance as to the method for dealing with the demands of the men for a wage advance of $2 a day. No answer had been received by the operators tonight and they remained here for a conference tomorrow with Scretary Tumulty.

The operators' memorandum explained they felt bound not to depart except thru some governmental action, from the existing contract with the men, based on the wage scale fixed by the government commission named to settle the coal strike last fall.

While here the operators' committee received reports from Illinois which they said showed that half of the mines in the state are idle, causing a loss in production of 250,000 tons daily, or two-thirds of the state's normal output.

Purposes Shown in Letters

Copies of letters, signed by state and local officers of the union, were included in the operators' memorandum. One letter bearing the names of Frank Farrington, Harry Fishwick and Walter Nesbit, union officials in Illinois declared "we are determined, injunctions and indictments notwithstanding, to use every power and influence at our command" to get increases for the laborers, adding that it was unknown what means would have to be employed to do this.

The laborers or shift men who are on strike comprise about one-fourth of the mine workers but without them the operators said they cannot operate the mines. Their wages at present range from $4.36 to $5.54 a day.

Strikes Spreading

Belleville, Ill., July 22. — The unauthorized strike launched by day laborers in the southern Illinois fields yesterday continues to spread according to reports reaching here tonight.

Approximately 4,000 men are said to have been affected in walkouts at Pana, Kincaid, Assumption, Tovey, Taylorville and Nokomis today and, according to the strikers estimates approximately 20,000 men are now idle.

Miners' officials at Staunton announced today a strike will be called in the mines there August 1 unless the demands of the strikers are granted. This will affect about 2500 men, it was said.

Danville Mines Close

Danville, Ill., July 22. — Two leading mines have already closed and all other local union mines will be shut down at midnight tonight when the miners will obey an order to strike following the refusal of operators to increase wages. About 4,000 miners are involved here.

GEN. PERSHING IN CIVILIAN CLOTHES

Boston, July 22.—General Pershing in uniform is a figure familiar to the country; John Pershing in civilian clothes, passed unnoticed by thousands on the streets of this city. He passed through Boston to begin a short stay at Nausson Island today, as the guest of W. Cameron Forbes, former governor general of the Philippines and was recognized by only one person. In dark suit, panama hat, soft collar and white tie, the general strolled about with his son, Warren, and his aide.

U. of I. PROFESSOR GOES TO WISCONSIN

Urbana, Ill., July 22.—Dr. P. B. Potter, associate in political science at the University of Illinois has resigned to accept a position at the University of Wisconsin. He is a graduate of Harvard, taught two years at Yale. During the war he was connected with the Carnegie endowment for national peace and collected data used at the peace conference. He studied political problems in England, and France in 1916.

BOLSHEVIKI THREATENS GREAT BRITAIN

London, July 22.—A Bolshevik despatch from Moscow tonight threatens vengeance against the British and Finns should Great Britain deport Santeri Nuorteva, once secretary to L. C. A. K. Martens, Russian Bolshevik representative to the United States to Finland and harm should befall him.

RAILROAD UNIONS WILL ACCEPT WAGE DECISION BUT UNDER PROTEST

Action Came After Heated Debate Among Executive Heads of Sixteen Organizations —Telegraphers Charge Discrimination and Order Referendum.

CHICAGO, July 22.—Acceptance under protest of the United States railway labor board's wage decision was decided upon at an executive conference here tonight by all of the sixteen recognized railroad unions except one, it was announced following the meeting by Timothy Shea, grand chief of the Brotherhood of Railway Trainmen.

The one exception was the Brotherhood of Railway Telegraphers, which referred the award to its membership together with a strike proposition. The fifteen other organizations decided that they would renew their case before the labor board.

The organizations which accepted the award expressed dissatisaction with the amount of increases granted but decided upon acceptance in order, they stated, to receive the back pay due them under its provisions. Leaders said they would present a new request for further increases in wages to meet what they considered a "fair wage."

Charge Discrimination

The telegraphers declared they "apparently had been unjustly discriminated against by the board without any explanation for this discrimination." They received a smaller amount than any other organization and the representatives who were in this city have referred the award to the membership without recommendation.

Acceptance under protest was announced by the following organiaztions:

Brotherhood of Locomotive Engineers.

Brotherhood of Locomotive Firemen and Enginemen.

Order of Railway Conductors.

Brotherhood of Railroad Trainmen.

Switchmen's Union of North America.

Referendum Ordered.

The award will be submitted to the membership of the following organizations for a referendum, with the recommendation that it be accepted:

International Association of Machinists.

International Brotherhood of Boilermakers.

Iron Shipbuilders and Helpers of America.

Brotherhood of Railway Carmen of America.

International Brotherhood of Blacksmiths, Drop Forgers and Helpers.

Sheet Metal Workers' International Alliance.

International Brotherhood of Electrical Workers.

Brotherhood of Railway and Steamship Clerks.

Freight Handlers, Express and Station Employes.

The United Brotherhood of Maintenance of Way Employes and Railroad Shop Laborers announced its acceptance without a referendum as did the Brotherhood of Stationary Firemen and Oilers.

In explaining their decision the Order of Railway Conductors in a statement declared it was felt "that the public interest demands acceptance." The conductors will meet again tomorrow they announced. The railway unions final decision ended three days of conferences. Following tonight's conference practically all the general chairmen returned to their homes while all the union executives will depart tomorrow.

WILL NOT INDORSE ANY PRESIDENTIAL CANDIDATE THIS YEAR

Will Compile Record of Candidates and Make it Public

WILL BE ACTIVE IN CONGRESSIONAL ELECTIONS

WASHINGTON, July 22.—The Anti-Saloon League of America will not endorse any presidential candidate for election this year but has ordered a compliation of facts as to the prohibition record and present stand of each candidate, and will make this public. This announcement was made by the executive committee of the organization tonight after an all day session in which superintendents of many of its state branches participated.

A special committee headed by Dr. P. A. Baker, general superintendent of the league was authorized by resolution carefully and impartially to obtain the official records, public utterances and present attitude of each candidate for the information of the constituency of the league.

Dr. Baker when asked when the league expected to question directly Senator Harding or Governor Cox, replied that was a question for the committee to consider. The executive committee announced that the league however would take a direct and certain part in the election of members of congress. It was added that "this will be necessary as long as any politican attempts to nullify the 18th amendment."

GOV. PARDONS FORMER MAYOR OF COFFEEN

Was Serving 260 Days in County Jail for Tampering with Ballots in 1916 Election.

Springfield, Ill., July 22.—Former Mayor William Newsome of Coffeen, near Litchfield, serving a sentence of 260 days in jail for "tampering with ballots" in the election of 1916, was pardoned today by proclamation of Governor Lowden. The former mayor, whose conviction in the Montgomery county circuit court was upheld by the supreme court, has already served 180 days of his sentence.

The state board of pardons and paroles, upon whose recommendation the pardon was issued found that Newsome was unable to mark ballots, that he was able neither to read nor write. Politicians who acted prominently in securing his conviction have changed front and almost unanimously asked his release.

MAGISTRATE DISMISSES CASE AGAINST UMPIRE

Peoria, Ill., July 22.—When arraigned today before Magistrate Michael on charges of assault with a deadly weapon, Umpire William Burnside was dismissed. Deputy Sheriff West who swore out the warrant for his arrest refused to appear against him, upon persuausion of the Peoria Fans' association to drop the case.

Umpire Burnside struck Manager Jackson with a mask during an argument at yesterday's game.

WILL WELCOME HOME FARMER-LABOR NOMINEE

Salt Lake City, Utah, July 22. —A parade in which all labor bodies, members of fraternal orders and the candidate's friends were invited to joint was the principal event planned to welcome Parley P. Christensen, farmer-labor nominee for president on his return to his home here late today.

MISSOURI WILL IMPROVE ROADS

Jefferson City, Mo., July 22.—The state highway board announced today immediate steps will be taken to expend $60,000 for road building in every county where no road improvement bonds have been voted. The work will spread over 50 miles in each of the counties it was announced.

ALEDO MAN FILES FOR GOVERNOR

Springfield, Ill., July 22.—Oscar E. Carlstrom of Aledo, filed his petition as independent Republican candidate for governor, here today. He will have second place on the ballot. The principal plank in Mr. Carlstrom's recently announced platform, declares for municipal home rule.

William H. Pontow, Democrat, Chicago, filed for senator from the sixth district. William C. Maucker, Democrat, Rock Island, filed for state representative of the thirty third district. Matt Franz, Democrat, Chicago, filed for clerk of the first district appellate court.

WEATHER INDICATIONS AND TEMPERATURES

Illinois: Generally fair Friday, probably followed by local thunderstorms Friday night in north portion; warmer in extreme north portion Friday; Saturday generally fair; cooler in north and central portions.

Temperatures

The current, maximum and minimum temperatures as recorded Thursday were:

HE'S A POWERFUL MAN.

People down state do not know very much about Fred Lundin, but he must be a very powerful man judging by the influence accredited him by the Chicago press.

Mr. Lundin is said to be the organizing genius of the Thompson machine and that organization has been accredited by Gov. Lowden with more power than Tammany hall of New York ever had.

THERE IS ALWAYS A WAY.

It hasn't been an easy thing to harvest the wheat crop of Morgan county, with an acknowledged shortage in farm labor. But the weather conditions have been admirable for the work. Some farmers have done more field labor than usual themselves and in one way or another the desired results have been gained. Now at the farm bureau office there is a list of available workmen and the supply is exceeding the demand.

TACKLING BIG PROBLEMS.

Dozens of different co-operative organizations are meeting in Chicago today purposing to form the American Farm bureau. Those leading in the movement hope to find some way whereby the $50,000,000 now going into the hands of brokers and speculators can be saved for the producer and the consumer. If the farmers are able to save this huge sum and at the same time provide themselves with a stable market, it might be well for the country to turn over to them the puzzling question of transportation.

AN UNSETTLED QUESTION.

The strike is spreading among the coal miners, even tho the government award was put into effect several months ago. Mine officials insist that they are not able to stop the strike stampede and published letters from some of them indicate that they have no real desire to stop the strike until the wage concessions asked for have been given.

There is certainly something wrong with the coal situation with blame not wholly on the shoulders of either employes or employers. It remains for someone to find a satisfactory solution of the very difficult situation.

LaFOLLETTE IS DISPLEASED.

Senator LaFollete altho he has served as governor and senator by election as a Republican, declares the party has failed. He puts the Democratoc party in the same class and so is dissatisfied with the whole political outlook. But it must be remembered that the senator has been ill thru a number of months and there is no denying that the state of one's health has much to do with the view of life. When a man has indigestion everything has a murky look.

MR. BRYAN STANDS PAT.

The Prohibitionists evidently thought Mr. Bryan was fooling when he said he could not accept the party nomination for now they are showing genuine surprise at his insistence that he will not accept.

Mr. Bryan has said all along that a Prohibition ticket at this time would be a mistake and simply aid in defeating the party's own ends. Now that he has been nominated and refused it will be more difficult for any ticket in the field and so, after all, his nomination may have helped.

CANNOT IGNORE PRODUCTION AND EFFICIENCY.

A serious situation exists in the Wabash shops at Decatur where a group of organized clerks is attempting to dictate the policy of shop operation. The situation is one which has been gradually growing worse and now the Wabash officials are to make a determined stand and will either operate in accordance with the rules recently put into effect or will close the shops.

The situation is the cause of a strong editorial in the Decatur Review, which says that the action of the Wabash officials in determining to make a stand is no surprise, for it is certain that sooner or later the company would have to insist on managing its own affairs.

The Review says that production and efficiency have not been considered and a committee of workers largely in charge of shop operation have ignored the fact that in the long run the best results to workers can come only if there is proper regard for production and efficiency.

TO THE CREDIT OF THE COLLEGES.

A number of educational institutions of Illinois constituting 'The Federation of Illinois Colleges" have an unusally appealing advertisement in one of the Chicago papers. The head line reads: Some of our most famous men and women come from Illinois Colleges." And then the advertisement goes on to say: "Jane Addams is a product of an Illinois College. So is William Jennings Bryan. You will find the names of many other famous men and women on the registers of the colleges named below. Richard Yates, Governor Fifer, Eugene Field, Edgar Lee Masters, Newton Bateman, Carter Harrison, Julia Lathrop, Judge Carter, Dr. Parkhurst and S. S. McClure received their education in one of the many colleges that dot our state. Many of the men worked their way thru college."

It is interesting to note that in this group of 14 institutions are listed Illinois College and Illinois Woman's College, and that several of the persons listed as "famous" are graduates from these local institutions.

Rippling Rhymes
By Wait Mason

The Summer Resort.

All the folks I see around, chasing me day by day, are on sport and pleasure bound.all they have to do is play. Tree's a graft that men call toil and some men are said to work, one as tiller of the soil, one as blacksmith, one as clerk; I have heard of honest sweat, but I know not what it is; play is here the only bet, and the autos around me whiz. I have heard of girls who stitch thru the weary sweatshop day, but I'm with the idle rich, and such things seem far away. Is there trouble anywhere? Are there cupboards bare and lean? Here one thing is causing care—it's the dearth of gasoline. Oh, I loaf upon the beach, when the night rack's rolling brown, and evicted tenants screech, doubtless in some burning town. And I see the fogs ascend, hiding crags and tors and cairns; and some far-off mothers bend over sick and wailing bairns. Is there thouble on the land? Is there sorrow on the sea? Such things don't you understand, come within a mile of me. For I'm one who has the price, and I watch the seabirds reel, drinking near beer off the ice, eating pie at every meal.

HARVEST TIME IS OVER

Hurray the harvest is over and "gosh" but the shocks stand thick; that old "two-fifty" a bushel makes the "city dads" feel sick. That old "two-fifty" a bushel certainly looks good to all. Way take chances, Mr. Farmer, when we are awaiting your call; waiting for you to call us at morning, at noon or at night, to deliver a thresher, a tractor, a plow or a disc, and do it with all our might. Someone might ask are we ready. I should say, "Johnny on the spot." We have them in stock. Service is our first name and this is neither "buncom or rot." There are thousands of acres of wheat in the field, and TWO-FIFTY is not a bad price. So why do you wait for a machine and take chances when we can help you so soon. You would not be called a gambler, yet you are taking chances on your crop being destroyed by rains or storms, also of the price going down —and think of it, these farm helps are not only for this year but for the next year and next, and so on. I have a threshing machine sitting on the floor and it is a shame that some up-to-date farmer hasn't got it on his farm, making use of it. Its guaranteed to do the work and all we want is an opportunity to prove it. Furthermore, we have some one-ton Trucks, some Ford Touring Cars, some Sedans that we will divide with you. Respectfully,

C. N. PRIEST,
"The Ford Man."

LEAVE WINCHESTER FOR TRIP IN WEST

Mrs. James Dodson and Daughter and Miss Doll McLaughlin to Spend Month in Colorado—Other Winchester News.

Winchester, July 22.—Mrs. James Dodson and daughter Mardell left Wednesday for Granite City and Miss Doll McLaughlin left Thursday to join them in St. Louis. They will soon start for a trip to Denver and Colorado Spring to enjoy a month's vacation.

Mrs. William Evans left Thursday for Arenzville to visit at the home of Mr. and Mrs. Mike Hierman.

Miss Leila Pfenninger of Milton is visiting Miss Ethel McClure.

An examination for teachers was held Thursday by County Superintendent Miss Wells.

Mrs. E. C. Brown of Barry arrived Thursday to visit at the home of Mr. and Mrs. Edward Rohrig.

Mrs. Gertrude Demerath left Thursday for Kewanee to visit relatives and friends.

George Cohagan and wife returned Wednesday night from a visit in St. Louis.

C. A. Osborne of Jacksonville was a busines viistor here today.

Roy Pearce and Earl Long of Macomb, Illinois, will carry passengers in their airplane Sunday, July 25th. Will be one mile east of Arenzville, Ill.

BIRTHDAY SOCIAL AT ALEXANDER CHURCH

Ladies of M. E. Church Hold July Birthday Social Thursday Afternoon—Other Alexander News

Alexander, July 22.—The ladies of the M. E. church held their July birthday social at the church Thursday afternoon, The hostesses of the afternoon were Mrs. George H. Hall and daughter, Miss Rachel, Mrs. Fred Neal and Mrs. C. H. Beerup. The attendance was unusually large, and the event was a most pleasant one. The hours were spent socially and during the afternoon the hostesses served delicious refreshments.

Miss Ivy Mason of Berkeley,Cal. is spending a week with Miss Lillian Kumle and relatives at Alexander.

Miss Rowena Sinclair of Springfield is spending a part of her vacation at the home of her father, A. M. Sinclair.

All Federa' Products are now sold exclusively at the Federa l Bakery, 231 West State St. This insures you goods that are strictly fresh at all times.

A FORGER CAUGHT

About two months ago a young fellow about fifteen years old, bought of Mathis, Kamm & Shibe's clerk a pair of white shoes and gave in payment a check for seven dollars signed by William Foster. Later the check proved to be a forgery. A day or two ago the clerk who sold the shoes was certain he saw the young fellow and it developed he had passed a similar check on T. M. Tomlinson for $7.50. He was identified by the clerk and arrested. At first he denied all knowledge of the affair but Mathis, Kamm & Shibe have a system of numbering every pair of shoes that leaves their place so they positively identified the goods which had been worn but once for a short time. The boy, Howard Combs, is employed at the Postal Telegraph office and when taken into custody finally broke down and confessed to the shoe forgery but denied the other one.

Chief Kilorant held the two checks before him and showed that they were written by the same person and then the boy gave in and admitted both forgeries. It seems to have been his first offense and it is possible his father will make good the losses and the boy will be dismissed, but it is not definitely known as yet.

Music at Peacock Inn Sunday evening.

EBENEZER AND WESLEY CHAPEL

The services at these two places will be conducted by the following persons.

At Ebenezer the evangelistic team from Grace church will conduct the service at the regular preaching hour.

At Wesley Chapel Rev. Thomas Tull will preach at three o'clock. At both places there will be held on election for a lay delegate to the annual conference to be held at Decatur, Ill., Sept. 8th.

A contest in the Ebenezer Sabbath school is creating great interest and as the contest ends with the Sabbath the superintendent, James Martin, is anxious that everyone who relates to the school will be present and make a great showing.

The coming of the evengelistic team will be of great benefit to all and the laymen should all come to hear what good preachers the lay preachers are.

On next Saturday, July 31st, the fourth quarterly conference will be held in the lecture room of Grace Methodist church.

Music at Peacock Inn Sunday evening.

FORMER RESIDENT IS VISITING SISTER

D. L. McCarty of Bloomington, is visiting in the city at the home of his sister, Mrs. N. A. Buckingham on South West street. Mr. McCarthy was in the drug business in this city forty seven years ago and is engaged in that same business in Bloomington. He expects to leave Saturday for several months' vist in Los Angeles, California.

WENDELL ACCEPTS ADVENTISTS' CHALLENGE

Sabbath Day to Form Basis of Debate Between Seventh Day Adventist and Baptist Minister At White Hall—Arguments in Abeyance.

White Hall, July 21.—Politics and strikes have been subordinated in local interest by a proposed debate between Revs. J. A. Reavis and E. L. Wendell soon to take place in the tent of the Seventh Day Adventists in which meetings have been in progress about six weeks, conducted by Rev. Reavis. From the platform of the tent Rev. Reavis challenged any one to a debate on the Sabbath Day question. The Adventists hold Saturday to be the scriptural Sabbath Day. This challenge was made more than a week ago, and the challenge has been accepted in a formal letter to Rev. Reavis by Rev. E. L. Wendell, a minister of the Baptist church and it is expected that announcement of arrangements for the debate and other details will be forthcoming from the tent platform at any time. Questioned today as to the status of the proceedings, Fred Hopcroft, a lieutenant of Rev. Reavis in the White Hall campaign, merely stated that the acceptance of the challenge by Rev. Wendell is under consideration.

Rev. Wendell in his acceptance assumes the burden of proving his contention by taking the affirmative as follows: "Resolved that the Church of Jesus Christ from the date of the Resurrection of our Lord to the present time has continuously observed the first day of the week, commonly known as Sunday, as a day of rest and worship."

ARENZVILLE.

Mrs. Henry Zahn, John Naylor and wife and Miss Mary Schaeffer motored to Jacksonville Thursday.

Mrs. Zillion of Beardstown spent a day this week here with relatives.

Mr. and Mrs. Wm. Neihaus and daughters motored to Scott county recently for a visit with Cline Smith and family.

Mrs. J. Stadley of Beardstown spent Tuesday with her sister, Mrs. Cooper.

Frank Craven and family of Chandlerville autoed here Saturday and spent the week-end at the home of Oscar Nieman.

The Royal Neighbors picnic at Nichols park recently was greatly enjoyed. There were games and various amusements and a fine picnic dinner.

Mrs. Robert Willey returned from a few weeks' visit at Bluff Springs.

Miss Vera Hegener of Beardstown is the guest of Henry Nieman's household.

Mrs. Henry Zahn entertained Mrs. Edward Shrewsbury and children and Miss Clara Long one day recently.

Mrs. Henry Meyer and daughter, Louise spent the past few days at Beardstown.

Jules Cire of Saidora spent Sunday with his daughter, Mrs. Kate Wood.

Louis Berger and daughter motored here Sunday from Meredosia and were accompanied home by Mrs. Edward Shrewsbury and children.

John Berger and family and George Todd of Jacksonville spent Sunday with H. Zahn and family.

"JUST ONE" IS ALL

One Tablet Always Right Dosage Because "They Never Wear Out"

No other laxative in the world can honestly make the above claim. All others soon cease to give results without constant increase of dosage. That may be good at first, but the system gets used to them and refuses to respond so readily.

CUT Z@Ib&— AOt Ib&— —J— Greeks awaiting the next move of

"Just One" is the new idea laxative. Twenty different laxatives in one box. Each of the 20 tablets is a different and successful laxative formula. You change laxatives every dose you take. You have ta change, you cannot overlook it, because there is only one of each kind in each package.

It's very injurious to keep pounding away on the same organ with the same laxative day after day. The organ becomes callous and unresponsive. Then you must either double the dose or get another laxative.

"Just One" works on first one organ and then another. It gets results, but the system has no chance to get used to it. That's why it "never wears out."

You've been waiting for "Just One." So get a box today. Any druggist anywhere can get "Just One" for you or we will mail it postpaid upon receipt of 25c per box. Ferritone Chemical Co., Council Bluffs, Iowa.—Adv.

Oxfords For Fall at $6.95

We have just received from the factory several cases of fall oxfords for growing girls and women made of the finest of kid and calf leathers. These shoes are of exceptionally fine quality and are smart footwear. Yet while this stock lasts we are going to sell them at $6.95. They would be cheap enough at $10.00. This will be a "first come--first served" affair and if you hesitate to secure a pair of these oxfords you will very likely lose out.

All Sizes and Widths in Brown and Black in Both High and Low Heels.

HARDING MAKES CLEAR VIEW OF NATIONAL ISSUES

Marion, O., July 22.—A pledge of constitutional government, administered by party and not by individual and based on national rather than world ideals was given by Warren G. Harding today in accepting formally the Republican nomination for the presidency.

He welcomed a poular referendum on the league of nations, advocated increased production to cut the high cost of living, pleaded for obliteration of sectional and class conflict, and declared for industrial peace "not forced, but inspired by the common weal."

Prohibition he gave only a passing notice saying that despite divided opinon regardng the eighteenth amendment and the statutes enacted to make it operative, there must be no evasion in their enforcement. He declared it his "sincere desire" that ratification of the suffrage amendment be completed to permit women to vote this fall in every state.

Reviewing and commending briefly many other planks of the party platform, the candidate declared for colective bargaining for farmers, repression of the disloyal, "generous federal co-operation" in rehabiliating the railroads, intelligent deflation of the currency, enlargement of government aid in reclamation, a genuine expression of gratitude to veterans of the world war, the maintenance of an ample navy and a "small army but the best in the world."

Opposes One Man Government.

In his promise of a "party government," Senator Harding reiterated his belief that the Vice President should have a part in the affairs of the chief executive's official family and declared there also should be a "cordial understanding and coordinated activities" between the executive and Congress. "No man," he said, "is big enough to run this great republic. Our first commital is the restoration of representative popular government, under the constitution, thru the agency of the Republican Party."

Promising restoration of peace as soon as a Republican Congress should send a peace declaration to a Republican President for his signature the candidate assailed the league covenant as brought home by President Wilson but declared the war's sacrifices would be "in vain if we cannot acclaim a new order, with added security in civilization and peace mantained."

"We Republicans of the Senate," he continued, "when we saw the structure of a world supergovernment taking visionary form, joined in a becoming warning of our devotion to this republic. The Republicans of the Senate halted the barter of independent American eminence and influence. * * *

"We do not mean to hold aloof. We do not mean to shun a single responsibility of this republic. We were resolved then even as we are today, and will be tomorrow, to preserve this free and independent republic. Let those now responsible, or seeking responsibility, propose the surrender, whether with interpretations, apologies, or reluctant reservations—from which our rights are to be omitted. We welcome the referendum to the American people on the preservation of America. * * *

Would Advise With Senate.

"With a Senate advising as the Constitution contemplates, I would hopefully approach the nations to a new leadership, to compropising that understanding which makes us a willing participant in the consecration of nation to a new leadership, to commit the moral forces of the world, America included, to peace and international justice, still leaving America free, independent and self-reliant, but offering friendship to all the world."

Declaring railway employes ought to be the best paid in the world, the candidate emphasized the responsibility of such service and added:

The government * * * might well stamp railway employment with the sanctity of public service and guarantee to the railway employes that justice which voices the American conception of righteousness on the one hand and assures continuity of service on the other."

In his reference to prohibition and law enforcement he said:

"People ever will differ about the wisdom of the enactment of a law—there is divided opinion regarding the eighteenth amendment and the laws enacted to make it operative—but there can be no difference of opinion about honest law enforcement. * * * Modification or repeal is the right of a free people, whenever the deliberate and intelligent public sentiment commands, but perversion and evasion mark the paths to the failure of government itself."

Some further paragraphs from the nominee's statement are given herewith:

A Clear Question

"It is not difficult, Chairman Lodge, to make ourselves clear on the question of international relationship. We Republicans of the senate, conscious of our solemn oaths and mindful of our constitutional obligations, when we saw the structure of a world super-government taking visionary form, joined in a becoming warning of our devotion to this republic. If the torch of constitutionalism had not been dimmed, the delayed peace of the world and the tragedy of disappointment and Europe's misunderstanding of America easily might have been avoided. The Republicans of the senate halted the barter of independent American eminence and influence, which it was proposed to exchange for an obscure and unequal place in the merged government of the world. Our party means to hold the heritage of American nationality unimpaired and unsurrendered.

"The world will not misconstrue. We do not mean to hold aloof. We do not mean to shun a single responsibility of this republic to world civilization. There is no hate in the American heart' We have no envy, no suspicion, no aversion for any people in the world. We hold to our rights, and means to defend, aye, we mean to sustain the rights of this nation and our citizens alike, everywhere under the shining sun. Yet there is the concord of amity and sympathy and fraternity in every resolution. There is a genuine aspiration in every American breast for a tranquil friendship with all the world.

"More, we believe the unspeakable sorrows, the immeasurable sacrifices, the awakened convictions and the aspiring conscience of human kind must commit the nations of the earth to a new and better relationship. It need not be discussed now what motives plunged the world into war, it need not be inquired whether we asked the sons of this republic to defend our national rights, as I believe we did, or to purge the old world of the accumulated ills of rivalry and greed, the sacrifices will be in vain if we can not acclaim a new order, with added security to civiliaztion and peace maintained.

The Conscience of America

One may readily sense the conscience of our America. I am sure I understand the purpose of the dominant group of the senate. We were not seeking to defeat a world aspiration, we were resolved to safeguard America. We were resolved then, even as we are today, and will be tomorrow, to preserve this free and independent republic. Let those now responsible, or seeking responsibility, propose the surrender, whether with interpretations, apologies or reluctant reservations—from which our rights are to be omitted—we welcome the referendum to the American people on the preservation of America, and the Republican party pledges its defense of the preserved inheritance of national freedom.

"In the call of the conscience of America is peace, peace that closes the gaping wound of world war, and silences the impassioned voices of international envy and distrust. Heeding this call and knowing as I do the disposition of the congress, I promise you formal and effective peace so quickly as a Republican congress can pass its declaration for a Republican executive to sign. Then we may turn to our readjustment at home and proceed deliberately and reflectively to that hoped-for world relationship which shall satisfy both conscience and aspirations and still hold us free from menacing involvement.

Reduced Armaments.

I can hear in the call of conscience an insistent voice for the largely reduced armaments thruout the world, with attending re-

(Continued on Page 7)

SHAMROCK READY FOR RACE AGAIN TODAY

Standing Now Two to One in Favor of the Challenger—American Sloop Must Win Next Contest or Cup Goes Back Overseas.

SANDY HOOK, N. Y., July 22.—Shamrock IV will enter tomorrow's race against Resolute with a new topmast and a new topsail, the regatta committee announced tonight. After Shamrock's skipper had notified the committee of this change, he requested a remeasurement of her sail area but the official measurer was unable to do the work tonight.

The committee announced, however, that tomorrow's race would be run on the basis of a time allowance of six minutes and forty seconds for Resolute, subject to any change that may result from a re-measurement of Shamrock's topsail.

Shamrock's canvass will be remeasured after the race tomorrow and if the contest is at all close, the winner may not be kpown until several hours after the finish. The Shamrock's new topmast was reported to be much stronger than the old one.

Shamrock IV slipped out of drydock tonight and is ready to race again tomorrow for the America's cup.

Meanwhile the crew of Resolute American defender put in the day making things ship shape and also are prepared.

With the standing now two to one in favor of the challenger, the American sloop must win the next contest if the hundred guinea cup, valueless trophy, is not to travel back overseas in custody of the Royal Ulster Yacht club.

STEEL HEAD SAYS DRY REGIME HELPED U. S.

Says It Has Resulted in Bank Accounts and Better Living Conditions—Believes Majority of People Favor Prohibition.

NEW YORK CITY, July 22.—Prohibition has been beneficial to the nation's industrial and economic life in the opinion of Elbert H. Gary, head of the United States Steel Corporation, who issued a statement tonight on the eve of departure for Europe giving his views on the business outlook generally.

"The prohibition laws have had marked effect," he said.

"In nearly every newspaper one will read of fewer inmates of prisons, almshouses and hospitals and larger balances in savings institutions and better, cleaner and healthier condition in the dwellings, all on account of prohibition. From an economic pecuniary standpoint, I think a large majority of the people of this country are in favor of prohibition and it's pleasing to note that the large number of workmen so far as I am informed, subscribe to this view."

BELFAST QUIET AFTER NIGHT OF FIGHTING

Belfast, July 22.—Belfast this morning was was quiet after a night of sanguinary fighting between Sinn Fein and Unionist mobs, but the situation was tense and the military with armored cars were patrolling the affected areas.

Casualties thus far recorded are two men and one woman killed and twenty persons with serious gunshot wounds.

The primary cause of the trouble is believed to bs the recent murder of Col. Smythe in Cork, as many men employed at Belfast come from Bainbridge, which was Smythe's native town.

HORSE FALLS THRU OVERHEAD BRIDGE

Thursday evening a horse owned by Henry Cruse got loose and wandered on the Chicago & Alton right of way and fell thru the overhead bridge on East Independence avenue.

Police headquarters was notified and Capt. Elliott and the night force went to the scene. After making every effort to get the animal off the bridge it was finally shot as it had broken a leg in the fall.

NEW ORLEANS CHOSEN FOR NEXT MEETING PLACE

Chicago, July 22. — Phil C. Ricks of New Orleans was elected president and New Orleans chosen for the next meeting place today at the closing session of the United States League of Local Building and Loan associations.

A resolution was adopted supporting the Calder-Nolan bill for organization of a system of federal building loan banks.

DEMPSEY RECEIVES OFFER FOR BOUT

New York, July 22.—William A. Brady, theatrical producer, tonight announced he had been authorized by C. A. Cochran, London fight promoter to offer Jack Dempsey fifty thousand pounds to sign an agreement to meet Georges Carpenier in London in November or December of this year.

DUNNE WILL PARTICIPATE IN OLYMPIC GAMES

Washington, July 22.—Robert J. Dunne, son of the former governor of Illinois will leave for Antwerp, Belgium, where he will participate in the Olympic contests next month. He will enter the discus throw and several other events.

Laredo, Texas, July 22.—rain service was established today when the first train in ten days left for Mexico City. Eighteen hundred tickets were sold here before the office was closed because no more space was available for passengers.

T. Elicar of Peoria was down to the city yesterday.

WASHINGTON VIEWING POLAND WITH INTEREST

See in the Situation Elements of European War on a Broad Scale Refrain from Formal Expression of Opinion.

WASHINGTON, July 22.—Without official information regarding the decision of the allied powers to furnish military aid to Poland in her struggle with the Bolsheviki, government officials refrained today from formal expression of opinion but unofficially professed to see in the new situation most of the elements of an European war on a broad scale.

Army officers and officials of the state department generally were frankly pessimistic as to the ability of France and Great Britain to place armies in Poland in time to check the Russian advance before Warsaw falls and many were skeptical of the power of either France of Great Britain to drive their war weary people into the struggle without a serious unbalancing of domestic affairs.

Altho technically the president still is endowed with war powers, there was no disposition to assume he would involve the United States in a war between the Bolsheviki and the allies unless justified by some overt act against the army of occupation on the Rhine. Reports indicate increasing tenseness between the conservative and pro-radical groups in Germany and it was generally believed unless the radical element gained the ascendency the chances of the United States becoming involved were slight, altho a suggestion of American co-operation from France and Great Britain was regarded as probable.

For the present it was indicated the part of the United States will be that of an interested observer. Steps already have been taken to remove from the war area such Americans as may wish to leave.

Polish representatives here were elated by news that Great Britain and France had promised support. They expressed the opinion that the mere announcement would go far toward strengthening the morale in Poland and that it might even be possible with sufficient war supplies to hold the Russians in check. Their optimism however, was not shared by some experts but it was admitted hope of an adjustment yet remained in the suggestion of an armistice made to Poland by England.

LOWDEN PARDONS CHICAGO YOUTH

SPRINGFIELD, Ill., July 22.—Deportation papers issued against Kasmer Kermisky of Chicago, convicted of robbery in 1917, and sent to Pontiac, where he has already served several months were made no effect today by the action of Governor Lowden in issuing a proclamation pardoning the boy. A pardon operates to stop all deportation procedure. The governor also commuted the life sentence of Charles Gardner of Chicago, who has served eight years of his term on a statuary assault charge. By commuting sentence to twenty four years the governor puts put Gardner in line for parole.

CHARLES BOYDSTON NEW GOLF CHAMP

GALESBURG, Ill., July 22. — Charles Boydston of Galesburg is the new golf champion of the Illinois Association of Country clubs. He defeated Chick Weems of Quincy 3 up and 2 to play today in the 36 hole match.

Lawrence Ingersoll and Harold Holland of Galesburg, will play the singles match for the tennis championship.

Felmly and Bohrer of Bloomington, will play Holland and Aldrich, of Galesburg for the doubles championship. Ingersoll eliminated Warner of Decatur, 4-6, 6-1, 6-3, while Holland beat Evans of Decatur, 1-6, 6-4, 6-0.

BOLSHEVIKI FORCE POLES TO WITHDRAW

Warsaw, July 22.—The Polish communication today announces that the Bolshevik have captured Grodno.

In the south the detachment of red infantry which crossed the east Galiica frontier was pushed back across the Zebrucz river after an all day fight.

Preceding the loss of Grodno the Poles forced the enemy from the forts north of Grodno, but the reds, counter-attacking with reinforcements compelled the Poles to withdraw to the south.

MAY INVEST MILLIONS MORE IN MEXICAN OIL FIELDS

Mexico City, July 22.—If the government agrees to accede to their demands regarding modification of tax payments and the non-retroactivity of Article 27 of the constitution, the petroleum companies are ready to invest from two to three hundred million pesas in Mexico in additional drillings, pipe lines, refiners, oil steamers and establishment of a direct railway line between Tampico and Mexico City, according to interviews with representatives of the oil companies, published today.

C. B. & Q. SWITCHMEN AT DENVER GO ON STRIKE

Denver, Colo., July 22.—Eight switching crews of three men each, representing the entire night force of the Chicago, Burlington & Quincy railroad here quit work at midnight last night. Railroad officials said there was no explanation and the word came without warning. Railroad officials said the men were members of the recently formed railroad union.

WILL GIVE NEW ENGLAND PRIORITY IN COAL SHIPMENTS

New York, July 22.—New England will be given priority in coal shipments, according to an agreement reached today at a conference between railway executives, coal operators and James J. Storrow, former New England fuel administrator.

THRESHING NOTES

Albert Curry, of the Pisgah neighborhood, began threshing Wednesday, he is using his own outfit. Persons who have seen his wheat estimate that it will make about forty bushels to the acre.

Scott Green, rural route 3, brought a load of wheat to the city elevator recently which weighed 65 pounds to the bushel.

George Holley, of Arnold neighborhood, had 30 acres which made 46 bushels per acre.

Harry Rice, threshed 15 acres of wheat that made 45 bushels per acre and weighed 63 pounds to the bushel.

The Arnold elevator has secured only two cars to move wheat since threshing started.

The City elevator in Jacksonvill has ben able to secure the cars needed to move the wheat up to Thursday. However they were able to get the promise of only one car for Friday.

The merchandise cars that come to Jacksonville are being patched up and used for grain

White, charge d'affaires at Warsaw, concerning the removal of Americans who may wish to leave Poland. Approximately 1,000 Americans, more than 100 of whom are women, are now at Danzig. The greater part of them are engaged in various kinds of relief work.

BERLIN, July 22.—Bela Kun, former dictator of Hungary and other communists from Hungary and Bavaria weer removed yesterday from the steamer on which repatriated prisoners of war were being carried from Stettin to Russia. They will be sent back to Austria.

Russell McAllister was up to the city from Woodson yesterday.

LARGE WHEAT YIELD ON O. F. CONKLIN FARM

Over 1,600 Bushels Off of Forty Acres — Weighs Sixty Three and One Half Pounds to the Bushel.

Alfred Swinger, who is operating one of O. F. Conklin's farms near Orleans, has completed threshing forty acres of wheat.

The forty acres yielded 1,664 bushels and ten pounds of wheat or an average of 41½ bushels to the acre. The wheat weighed 63½ pounds to the bushel which will make it grade Number 1.

Mr. Conklin, who is a large land owner in Morgan county and also in other counties and states was greatly pleased with the showing. He said yesterday that it is the largest crop that had ever been raised on his land.

AUTO TRAVELERS HERE FROM TEXAS

Mr. and Mrs. O. A. Garrison and son Kenneth of Houston, Texas; Henry Gale and wife of Tulsa, Okla., are visiting O. C. Bolman, 111 North Kosciusko street and Mrs. Ella Soby and daughter Vivian of Houston, Tex. are visiting Mrs. Soby's grandmother, Mrs. Kislingbury on East State street. All came up by auto from the south and made a good carload.

CLARENCE O'CONNELL SHOWS NO IMPROVEMENT

Clarence O'Connell, who was injured by a runaway team last Monday, does not show improvement and the attending physician regards his condition as critical.

The injured boy is an overseas veteran. When the regiment was picked to escort General Pershing in the parades in Paris, London and New York, O'Connell was one of the men selected.

FUNERAL NOTICE

Funeral services for Robert T. Cunningham will be held from the residence, 911 West College avenue, at 10 o'clock this morning in charge of the Rev. W. H. Marbach. Interment will be in Diamond Grove cemetery.

FRONT CELL CAMPAIGN PLANNED FOR DEBS

Socialist Party Will Send Prominent Party Man to Prison Each Month to Report What Nominee Has to Say.

Chicago, Ill., July 8.—A "front cell' campaign is planned by the Socialist party for Eugene V. Debs, its presidential nominee, according to William M. Figenbauh, director of publicity for the national campaign. Mr. Figenbaum said today the party intends to send some prominent Socialist to Debs' prison at Atlanta every month. What Debs has to say will then be distributed by the campaign committee.

The usual touring will be taken care of by Seymour Stedman of Chicago, the vice presidential nominee. He is to start the middle of this month for Texas and Oklahoma, finishing this trip the latter part of August, and on the first of September plans to begin a transcontinental tour ending in Chicago two months later.

The organization of the Socialist campaign will be taken up by the party's national executive committee next Saturday at Detroit, Mr. Figenhaum said.

As usual the Socialists plan to make a large use of pamphlets in their campaign. Mr. Figenbaum said the party had distributed 27,000,000 in 1916 and hoped to get out 50,000,000 this year.

Two of the expelled New York assemblymen he said, are now out speaking for the national office in the campaign. Louis Waldman and August Claessens are the men so engaged. The campaign publicity chief said that 12 speakers in all were now out campaigning.

One of the chief party organs in the campaign will be "The New Day", official Socialist paper published at party headquarters. "The New Day" is a new name for the party organ, chosen several weeks ago in place of "The Eye Opener" which served as the party paper after "The American Socialist" discontinued during the war.

The Socialists are having trouble in getting on the electoral ticket in several states, Mr. Figenbaum reported. He said that owing to the party having lost its legal standing in Montana it was certain it would not get on in that state.

Socialist stregth, he added, now appears greatest in Oklahoma, Wisconsin, New York, Massachusetts, Illinois, Texas, California and Idaho.

Jog Your Memory Before You Start on that Vacation Trip

A moment's meditation now may save you a world of worry after you reach your destination. There are things you'll need while away that cannot be found in out-of-the-way places. Insure the comforts and conveniences by stocking up before you go.

WAS FORCED TO QUIT, STATES PEORIA MAN

Was Helpless in Bed When He Began Taking Tanlac —Is Back on Job Feeling Fine Now.

"Yes, Sir, I recommend Tanlac, for the first bottle did me more good than all the other medicines I had taken during my troubles of three years' standing," said Clarence Wieland, 1013 North Spencer street, Peoria, Ill., who is employed at the Rock Island railroad roundhouse.

"When I started taking Tanlac," continued Mr. Wieland, "I was flat of my back in bed. I had been in bad shape for the past three years, but had managed to keep going until a few weeks ago, when I just had to give up and quit work entirely. My stomach was in a terrible condition and every time I ate anything I began to fill up with gas that pressed against my heart so badly it made me dizzy, and I often had to grab hold of something to keep from falling. My food felt as heavy as a piece of lead in my stomach, and I also had cramping pains after every meal, which were so bad I could hardly stand them. Then, too, my kidneys gave me a great deal of trouble and there was always a severe pain across the small of my back. I could get but little sleep, as it was uterly impossible for me to get in any position so I would be free from pain. Nothing seemed to do me any good and I kept getting worse all the time.

"Finally, a friend came to see me and advised me to try Tanlac, which I did. Well, sir, it was only a few days before I was up and around again, and I was so pleased over my improved condition I sent and got several more bottles. It was not long before I was like a different man altogether and now my stomach is in such good condition I can eat anything I want without suffering any bad after effects whatever. My kidneys are in fine shape, the pains have all gone out of my back and I am now back at work at the Rock Island roundhouse feeling as good as I ever did in my life."

Tanlac is sold in Jacksonville by Coover & Shreve and by the leading drug store in every town. —Adv.

BURGLAR SUSPECT ARRESTED THURSDAY

Henry Rawlings, colored, was arrested by Chief Kiloran and Patrolman Baker Thursday morning suspected of being responsible for a number of burglaries committed recently.

It was reported to the police that a man was in an alley southeast of the square acting suspiciously. Rawlings ran when the officers arrived and the chase led finally to Anna street where the fugitive locked himself in an outbuilding. Rawlings was placed under arrest and taken to the police station.

He admitted to entering the residence of James Wall on West College street but later denied it, saying he had never been in any houses here. However, the police believe he knows something of the burglaries and will hold him and endeavor to get more evidence.

LABOR UNIONS PLAN FOR CELEBRATION

General Committee Appointed Thursday Evening—Will Meet Next Tuesday Night.

At the regular meeting of the Trades and Labor Assembly Thursday evening steps were taken for a proper observance of Labor Day in Jacksonville this year.

Local unions believe that if any celebration is held that it should be at home. Nichols Park furnishes an ideal place for such an event and it is probable that the final plans will provide for a program of athletic events, dancing and picnic dinner there.

In naming the general committee representatives from every union in the city were given places. This committee will meet at the Labor Temple next Tuesday evening, when it is probable they will recommend the place for holding the celebration and also outline the kind of celebration to be held.

When this is done the general committee will be divided into subcommittees to arrange the various details. The committee appointed follows:

Walter Quinlan, Charles Hess, Harry Webster, Robert Clifford, Mrs. Goldie Conkle, Nettie Willerton, Mary Davis, Louise Sieber, Ada Armstrong, J. C. Wood, Virgil Flynn, Harry Dawson, Edgar McGinnis, Moscow Sutton, A. L. Wood, Pat Hayes, Howard Smith, Jerry Clancy, Frank Matthews, Ed Miller, Edward Wiegand, I. W. Eaton, John Snyder, John Troy, Walter Brown, Frank Murphy, Charles Vieira, R. L. McLain, Phil Braner, Georke H. Kuck, Gus Faugust, Leslie Harvey, Mathew McNamara, Ernest May, Charles Grady, Thomas Drake, George Bearle, Frank DeFrates, Richard Matthews.

All Federal Products are now sold exclusively at the Federa l Bakery, 231 West State St. This insures you goods that are strictly fresh at all times.

TAKES SPECIAL COURSE AT BOSTON UNIVERSITY

Miss Janette C. Powell, who went east seeral weeks ago, is now taking a special course in English at the summer session at Boston university. The attendance at the summer school this year is the largest in the history of the institution, over 500 students now being enrolled in regular classes. Teachers from every state in New England and the middle west are registered for the courses in educational public school management.

Special interest attaches to the courses in business methods and foreign trade advertising. These courses are especially related to trade with South America, Europe and the far east and a number of South American students are enrolled.

Just received, two car loads of genuine AMERICAN fence. Hall Bros.

GAVE PROGRAM AT OLD PEOPLE'S HOME

Yesterday Rev. and Mrs. French and the Junior Christian Endeavor of the Christian church of Virginia came to Jacksonville in five automobiles. They went out to the Old People's Home on Grove street and gave an hour's program for the old folks who were greatly pleased.

At supper time the party went out to Nichols park where they had a picnic supper and enjoyed a general good time.

LEAVE FOR WEST

Mrs. John Mandeville and daughter Anna, of West College avenue, left yesterday noon on an extended trip thru the west. They will visit in Fulda, Minn., Salt Lake City and Valpariso, Neb., among other places.

TWENTY FIVE SEEK TO BE TEACHERS

Examination Under State Rules Is Held in Office of Supt. Vasconcellos.

There are chances that the teaching force of Morgan county may be augmented this year by at least 25. An examination held in accordance with the rules and regulations of the Illinois examining board is in progress in the office of County Superintendent of Schools H. H. Vasconcellos. Twenty one young women and four young men began taking the examinations yesterday and others are expected to enroll today. Mr. Vasconcellos and his assistant, W. B. Lowery, have charge of the examining work. Those enrolled yesterday as follows:

Harvey Ailsworth, Manchester; Aliene Georgia Austin, Franklin; Thelma Baldwin, Waverly; Lula Marie Bell, Jacksonville; Agnes Cromwell, Jacksonville R. R. 3; William Walter Douglas, 916 Doolin avenue; Lucille Gladys Gaines, Murrayville; Blanche Grace Harney, Franklin; Gotschall Clara Hart, Franklin; Eva Henderson, Meredosia; William Heuser, Jacksonville; Katherine Hering, 906 Routt street; Elta Ferene Jackson, Waverly; Mryl R. Korty, Bluffs; Kathryn H. Ludwig, Alexander; Thelma A. Morris, Waverly; Leatha Mae Peters, Waverly; Rachel Joyne Pond, New Canton, Ill.; Lila M. Seymour, Franklin; Marie A. Shannon, Mechanicsburg, Ill.; Dessie M. Tennis, Meredosia; Lillian Tranbarger, Franklin; Edith L. Vandaveer, Modesto; Mary Wolke, 903 Edgemon street.

All Federal Products are now sold exclusively at the Federa l Bakery, 231 West State St. This insures you goods that are strictly fresh at all times.

With the Sick

Elmer Mayer, 759 West North street, became a patient at Passavant hospital yesterday.

Cal Hurley of Prentice was able to leave Passavant hospital yesterday.

Everett Fisher returned to his home in Greenfield from Passavant hospital yesterday.

G. B. Liter of Literberry became a patient at Passavant hospital Thursday.

Mrs. Leta Fitzsimmons of near Woodson recently returned home with her little daughter, Esther Lorene, from Passavant hospital.

Eat with us and enjoy the music Sunday evening.
PEACOCK INN.

Funerals

Roten

Brief funeral services were held Thursday morning at nine o'clock at the family residence for Mrs. Jack Roten. Rev. A. A. Todd officiated. The remains were then taken to Roodhouse and buried in the family lot there. Rev. A. A. Todd also conducted the services at the grave.

FOUND HIM GONE

A short time since Mrs. G. W. Sargent and William Horn left hurriedly for Stoddard, Kansas, called by the serious illness of their relative, William Ryanearson, but when they arrived they found he had passed away. He was known to a number of persons in this city and bore an excellent reputation.

TRAVELERS FROM MARYLAND

Mr. and Mrs. George Edmund and Roy Groff, chauffeur, arrived in the city Wednesday evening from Forest Glen, Maryland, on their way to the Pacific coast.

FROM THE SUNNY SOUTH

Mr. and Mrs. J. A. Harms, Mr. and Mrs. O. C. Haley arrived in the city Wednesday night from Lakeland, Florida, and proceeded westward.

RETURNS FROM TRIP

A. J. Barton, residing east of the city returned Wednesday from a trip thru northeastern ebraska, western Iowa, and parts of Missouri. He says that the corn is looking good in all the sections he visited, but that the oats were short in Iowa and Nebraska. There was very little wheat planted in the sections which he visited.

PICK UP WIRELESS MESSAGE FROM LONDON

St. Johns, N. F., July 22.—Experts from the Marconi Wirelss company who are here conducting experiments in long distance wireless telephonic communication announced today that yesterday they heard messages from the Chelmsford station near London, more than 2,000 miles distant.

Mr. and Mrs. Fred Lane and daughter Betty and Miss Lucretia Hutchinson have returned from a trip to Colorado Springs, Colo.

MISS AUSTIN LEAVES.

Miss Olive Austin, dean of Illinois Woman's College left Thursday afternoon for Wellington, Ohio. This city is fifty miles distant from Cincinnati and Miss Austin will spend a period of rest there at her home, returning to Jacksonville some time prior to the opening of the fall term of the college.

MELCHOIR GETS NEWSPAPER DECISION

Kalmazoo, Mich., July 22.—Tony Melchoir, Chicago heavyweight won on points, according to uewspapermen in his ten round bout here tonight with "Chuck" Wiggins of Indianapolis.

Social Events

Gleaners of Ebenezer Meet

Mrs. James Middleton entertainer the "Gleaners" Wednesday afternoon at her home on West Lafayette avenue. A good attendance was present and the following program was presented:

Neighborhood news—Elsie Cully.

Several selections were played on the Victrola by the hostess.

After the program delicious refreshments were served.

The next meeting will be held with Miss Ella Blackburn.

Asbury Aid Dinner

About eighty persons attended the dinner given by the Ladies Aid society of the Asbury church yesterday at the home of Mr. and Mrs. E. R. Hembrough, southeast of Jacksonville.

After the dinner the Aid society held a short business meeting. They cleared about $20.00 on the dinner.

Murrayville Postal Employes Picnic at Nichols Park

The employes of the Murrayville postal service and their families came to Nichols park last evening in autos for a picnic which was held in honor of the birthdays of Miss Mildred Wright, postmistress, and Fred Simpson and Arthur Seymour, rural carriers.

The party arrived in the early evening and enjoyed a picnic supper after which they spent the evening in the park.

Among others present were: Mr. and Mrs. Arthur Seymour, Fred Simpson and family, Mr. and Mrs. J. E. Thompson, Mrs. J. H. Fuller and son, Mrs. Mary Wright, Benjamin Wright, E. T. Doyle, Russell Miller, Misses Mildred and Jane Wright.

Woolworth Employes Picnic at Nichols Park.

The employes of the Woolworth store enjoyed a picnic at Nichols park last evening. They had intended to go to Dunlap Springs, but were unable to get a truck and therefore went to Nichols park.

After a picnic supper, the remainder of the evening was spent swimming and boat riding. There were about twenty present.

Entertained at Picnic Supper.

Misses Winifred Raffety and Maude Blakeman of Murrayville entertained at a picnic supper at Nichols Park Tuesday evening. The event was in honor of Misses Mabel and Ruby Phillips of Hugoton, Kans., who are making a visit in Morgan county. Those present were Misses Maude and Mae Blakeman, Winifred and Lucille Raffety and Miss Thelma Dunniway.

Birthday Party at Nichols Park Thursday.

Mrs. P. J. Stein, Mrs. Walter Schildman and Oran H. Cook were guests at a picnic at Nichols park Thursday evening, July 22, being the birthday of these three. Six o'clock supper was enjoyed after which swimming and the play grounds afforded amusement.

Those present were: Mr. and Mrs. P. J. Stein, Mr. and Mrs. Walter Schildman, Mr. and Mrs. Oran H. Cook, Dr. and Mrs. C. C. Patchen, Mr. and Mrs. Lee Leitze and their families.

Eat with us and enjoy the music Sunday evening.
PEACOCK INN.

JACKSONVILLE WOMAN PLACED ON COMMITTEE

CHICAGO, July 22. — An art extension committee was organized today in connection with the better community movement that has been created under the auspices of the University of Illinois. At a meeting of the committee today, plans weredrawn for planting schemes for public and private grounds and lectures on art and community improvement.

The committee selected includes Lorado Taft, chairman; Prof. R. E. Hieronymus, cooperator; Chas. A. Bennett of Peoria, executive secretary; Miss Katherine Dickinson, Alton; James M. Cowan, Aurora; S. M. Evans, Bloomington; Mrs. Grace M. Funk, Bloomington; Miss Mary M. Wetmore, Champaign; Mrs. Julius Hegeler, Danville; George Ludwig, Danville; Robert W. Laher, Decatur; Carmen A. Trimmer, East St. Louis; Mrs. Leah C. Pearsall, Elgin; Mrs. Florence Wilkens Furst, Freeport; Miss Elie Trabue, Jacksonville; Mrs. Adele Fay Williams, Joliet; Mrs. Bessie F. Dunlap, Kankakee; Miss Effie Doan, La Salle; Mrs. Julia Proctor White, Peoria; Mrs. Howard H. Priestly, Princeton; Miss Mary E. Beatty, Quincy; Mrs. Myra H. Willson, Springfield; Mrs. Thurlow J. Essington, Streator.

The meetings will be continued tomorrow and Saturday.

ARRIVALS FROM MISSOURI

An auto party consisting of Mr. and Mrs. W. G. Agge and Henry Lippert arrived in the city from LaPlata, Mo., Wednesday and went on its way yesterday eastward.

ATTENTION W. R. C.

The Women's Relief Corps will hold their regular meeting this afternoon at 2 o'clock in the G. A. R. Hall.

WOODSON SOCIETY GAVE ANNUAL DINNER

Woodson, July 22.—The Unity Workers of the Woodson Presbyterian church held their annual dinner yesterday at the country home of Mr. and Mrs. John Hoagland.

The dinner was served in cafeterra style. Following the dinner there was a program of readings and music. The committee in charge of the dinner was Mesdames William Rook, John Baxter Carrie Glasgow, and John Leach. There was a neat sum realized from the dinner.

Among the Jacksonville people who were present were, Mr. and Mrs. W. M. Nickelson, Mr. and Mrs. George Sooy, Mrs. M. L. Cunningham and Miss Mattie Beastall.

Harding Gives Clear View of National Issues

(Continued From Page Four.)

duction of burdens upon peace-loving humanity. We wish to give of American influence and example; we must give of American leadership to that invaluable accomplishment.

I can speak unreservedly of the American aspiration and the Republican committal for an association of nations, cooperating in sublime accord, to attain and preserve peace thru justice rather than force, determined to add to security thru international law, so clarified that no misconstruction can be possible without affronting world honor.

This republic can never be unmindful of its power, and must never forget the force of its example. Possessor of might that admits no fear. America must stand foremost for the right. If the mistaken voice of America spoken in unheeding haste, led Europe, in the hour of deepest anxiety, into a military alliance which menaces peace and threatens all freedom, instead of adding to their security, then we must speak the truth for America and express our hope for the fraternized conscience of nations.

It will avail nothing to discuss in detail the league covenant which was conceived for world super-government negotiated in misunderstanding, and intolerantly urged and demanded by its administration sponsors, who resisted every effort to safeguard America, and who finally rejected when such safe-guards were inserted. If the supreme blunder has left European relationships inextricably interwoven in the league compact, our sympathy for Europe only magnifies our own good fortune in resisting involvement. It is better to be the free and disinterested agent of international justice and advancing civilization, with the covenant of conscience, than be shackled by a wrtten compact which surrenders our freedom of action and gives to a military alliance the right to proclaim America's duty to the world. No surrender of rights to a world council or its military alliance, no assumed mandatory however appealing, ever shall summon the sons of this republic to war. Their supreme sacrifice shall only be asked for America and its call of honor. There is a sanctity in that right we will not delegate.

The Nations Wants to Help.

When the compact was being written, I do not know whether Europe asked or ambition insistently bestowed. It was so good to rejoice in the world's confidence in our unselfishness that I can believe our evident disinterestedness inspired Europe's wish for our association, quite as much as the selfish thought of enlisting American power and resources. Ours is an outstanding, influential example to the world, whether we cloak it in spoken modesty or magnify it in exaltation. We want to help; we mean to help, but we hold to our own interpretation of the American conscience as the very soul of our nationality.

Disposed as we are, the way is very simple. Let the failure attending assumption, obstinacy, impracticability and delay be recognized and let us find the big practical, unselfish way to do our part, neither covetous because of ambition nor hesitant thru fear, but ready to serve ourselves, humanity and God. With a senate advising as the constitution contemplates, I would hopefully approach the nations of Europe and of the earth, proposing that understanding which makes us a willing participant in the consecration of nations to a new relationship, to commit the moral forces of the world. America included, to peace and international justice, still leaving America free, independent and self-reliant, but offering friendship to all the world.

If men call for more specific details, I remind them that moral committals are broad and all inclusive, and we are contemplating peoples in the concord of humanity's advancement. From our own viewpoint the program is specifically American, and we mean to be Americans first, to all the world. * * * * *

Summarized Views.

I believe the budget system will effect a necessary, helpful reformation, and reveal business methods to government business.

I believe federal departments should be made more business-like and send back to productive effort thousands of federal employes, who are either duplicating work or not essential at all.

I believe in the protective tariff policy and know we will be calling for its saving Americanism again.

I believe in a great merchant marine—I would have this republic the leading maritime nation of the world.

I believe in a navy ample to protect it, and able to assure us dependable defense.

I believe in a small army but the best in the world, with a mindfulness for preparedness which will avoid the unutterable cost of our previous neglect.

I believe in our eminence in trade abroad, which the government should aid in expanding, both in revealing markets and speeding cargoes.

I believe in establishing standards for immigration, which are concerned with the future citizenship of the republic, not with mere man-power in industry.

I believe that every man who dons the garb of American citizenship and walks in the light of American opportunity, must become American in heart and soul.

I believe in holding fast to every step in unshackling child labor and elevating conditions of woman's employment.

I believe the federal government should stamp out lynching and remove that stain from the fair name of America.

I believe the federal government should give its effective aid in solving the problem of ample and becoming housing of its citizenship.

I believe this government should make its Liberty and Victory bonds worth all that its patriotic citizens paid in purchasing them.

I believe the tax burdens imposed for the war emergency must be revised to the needs of peace and in the interest of equity in distribution of the burden.

The Mexican Problem.

I believe the Negro citizens of America should be guaranteed the enjoyment of all their rights, that they have earned the full measure of citizenship bestowed, that their sacrifices in blood on the battlefields of the republic have entitled them to all of freedom and opportunity, all of sympathy and aid that the American spirit of fairness and justice demands.

I believe there is an easy and open path to righteous relationship with Mexico. It has seemed to me that our undeveloped, uncertain and infirm policy has made us a culpable party to the governmental misfortunes in that land. Our relations ought to be both friendly and sympathetic; we would like to acclaim a stable government there, and offer a neighborly hand in pointing the way to greater progress. It will be simple to have a plain and neighborly understanding, merely an understanding about respecting our borders, about protecting the lives and possessions of American citizens lawfully within the Mexican dominions. There must be that understanding, else there can be no recognition, and then the understanding must be faithfully kept.

Many of these declarations deserve a fuller expression, with some suggestions of plans to emphasize the faith. Such expression will follow, in due time, I promise you.

The 18th Amendment.

I believe in law enforcement. If elected I mean to be a constitutional president, and it is impossible to ignore the constitution, unthinkable to evade the law, when our every committal is to orderly government. People ever will differ about the wisdom of the enactment of a law—there is divided opinion respecting the eighteenth amendment and the laws enacted to make it operative—but there can be no difference of opinion about honest law enforcement.

Neither government nor party can afford to cheat the American people. The laws of congress must harmonize with the constitution, else they soon are adjudged to void; Congress enacts the laws, and the executive branch of government is charged with enforcement. We can not nullify because of divided opinion, we can not jeopardize orderly government with contempt for law enforcement. Modification or repeal is the right of a free people, whenever the deliberate and intelligent public sentiment commands, but pervession and evasion mark the paths to the failure of government itself.

Tho not in any partisan sense, I must speak of the services of the men and women who rallied to the colors of the republic in the world war. America realizes and appreciates the services rendered, the sacrifices made and the sufferings endured. There shall be no distinction between those who knew the perils and glories of the battle front or the dangers of the sea, and those who were compelled to serve behind the lines, or those who constituted the great reserve of a grand army which awaited the call in camps at home.

All were brave, all were sacrificing, all were sharers of those ideals which sent our boys thrice armed to war. Worthy sons and daughters, these, fit successors to those who christened our banners in the immortal beginning, worthy sons of those who saved the union and nationality when civil war wiped the ambiguity from the constitution, ready sons of those who drew the sword for humanity's sake the first time in the world, in 1898.

The four million defenders on land and sea were worthy of the best traditions of a people never war-like in peace and never pacifist in war. They commanded our pride, they have our gratitude, which must have genuine expression. It is not only a duty, it is a privilege to see that the sacrifices made shall be requited, and that those still suffering from casualties and disabilitels shall be abundantly aided and restored to the highest capabilities of citizenship and its enjoyment.

Srtong for Equal Suffrage.

The womanhood of America, always its glory, its inspiration and the potent, uplifiting force in its development, is about to be enfranchised. Insofar as congress can go, the fact is already accomplished. By a party edict, by my recorded vote, by personal conviction I am committed to this measure of justice. It is my earnest hope, my sincere desire that the one needed state vote be quickly recorded in the affirmation of the right of equal suffrage and that the vote of eevry citizen shall be cast and counted in the approaching election.

Let us not share the apprehensions of many men and women as to the danger of this momentous extension of the franchise. Women have never been without influence in our political life. Enfranchisement will bring to the polls the votes of citizens who have been born upon our soil, or who have sought in faith and assurance the freedom and opportunities of our land. It will bring the women educated in our schools, trained in our customs and habits of thought, and sharers of our problems. It will bring the alert mind, the awakened consicience, the sure intuition, the abhorrence of tyranny or oppression, the wide and tender sympathy that distinguish the women of America. Surely there can be no danger there.

And to the great number of noble women who have opposed in conviction this tremendous change in the ancient relation of the sexes as applied to government, I venture to plead that they will accept the full responsibility of enlarged citizenship and give to the best in the republic their suffrage and support.

Much has been said of late about world ideals, but I prefer to think of the ideal for America. I like to think there is something more than the patriotism and practical wisdom of the founding fathers. It is good to believe that maybe destiny held this new-world republic to be the supreme example of representative democracy and orderly liberty by which humanity is inspired to higher achievement. It is idle to think we have attained perfection, but there is the satisfying knowledge that we hold orderly processes for making our government reflect the heart and mind of the republic. Ours is not only a fortunate people, with vision high but their feet on the earth with belief in themselves and faith in God. Whether enemies threaten from without or menace arise from within, there is some indefinable voice saying, "Have confidence in the republic! Amer.ca will go on!"

All Americans Now.

Here is a temple of liberty no storms may shake, here are the altars of freedom no passions shall destroy. It was American in conception, American in its building, it shall be American in the fulfilment. Sectional once, we are all American now, and we mean to be all Americans to all the world.

Mr. Chairman, members of the committee, my countrymen all: I would not be my natural self if I did not utter my consciousness of my limited ability to meet your full expectations, or to realize the aspirations within my own breast, but I will gladly give all that is in me, all my heart, soul and mind and abiding love of country, to service in our common cause. I can only pray to the Omnipotent God that I may be as worthy in service as I know myself to be faithful in thought and purpose. One can not give more. Mindful of the vast responsibilities I must be frankly humble, but I have that confidence in the consideration and support of all true Americans which makes me wholly unafraid. With an unalterable faith and in a hopeful spirit, with a hymn of service in my heart, I pledge fidelity to our country and to God, and accept the nomination of the Republican party for the presidency of the United States.

Kopperl Insurance Agency

The Agency of Service East State and Square

Good health is absolutely necessary to success in life. With it the possibilities and opportunities are limitless.

The reason why more men and women do not make greater success and progress is because they waste so much of their nerve energy. This waste drains the system of the smashing, success-driving power and leaves it weak, listless, tired, out-of-sorts, ambitionless and subject to many ills. The condition is caused more often by energy dissipated by faulty nerve action than by work.

Success Through Conserving Nerve Force

Every man and woman can conserve their full mental and physical powers through Chiropractic. By scientific adjustment of the spinal column, the Chiropractor removes the cause of faulty nerve action and brings about a normal distribution of energy. Nature then revitalizes and regenerates the weakened and diseased system and restores the vital energy that almost inveriably results in greater material benefit.

CHIROPRACTIC THE BETTER WAY TO HEALTH

is drugless. As a means of helping Nature to restore Health and vigor it is without equal, and the results it has accomplished have been little short of miraculous. If you are sick, Chiropractic (KI-RO-PRAK-TIC) will help you to health. If you are well it will help you feel better. Just investigate.

Farm Bureau Notes

Dangerous Animal "Dope" Habits—Probably there are few injurious practices more extensively followed by some live stock men than the habit of continuously giving tonics or medicines to the herds or flocks. An earnest effort should be made to impress farmers that unlimited confidence should not be placed in testimonials or other printed "cure-all" literature which may be misleading or even false. Some pure bred breeders have tried the continuous use of medicines and tonics and their experiences should be valuable in this connection. The impression that "cure-all" medicines have assisted in the development of animals, enabling them to win in the show ring is subject to correction for in reality there are many observations that point to the fact that some of the best breeding animals have been "doped" beyond repair.

Medicines and medicinal substances are very valuable in assisting nature when properly prescribed, but are dangerous indeed to the life and health of animals if recklessly or continuously fed. Healthy animals do not require daily doses of medicine. Furthermore, they are not capable of withstanding strong or irritating medicine day after day without losing the vigor and vitality of health. The following letter is typical of requests coming to the university. "Enclosed is sample of ..... hog tonic powder which has been fed to many herds in ..... county. Several farmers have reported deaths where same has been fed. One farmer in ..... county reported that he fed it to 60 and lost 40 of them. My farmers are asking for an analysis of this powder, and we would appreciate the analysis as soon as possible."

An analysis of the hog powder will not save the hogs. The common ingredients found in tonics of this character include copperas, salt, charcoal, magnesium sulphate, fenugreek, sodium hypo-sulphide, with sand or other cheap filler. None of the ingredients mentioned are indicated in the daily rations of animals and experience has definitely shown that such remedies may result in injury. Swine, sheep and chickens are probably fed more "cure-alls" than other classes of farm animals, and carry the main burden of ill effects from these preparations.

The health of the herd is fundamental to every owner's peace of mind, but the secret of healthy herds and flocks is not in tonical medicines, pills, powders or other fancy potions. Enteritis is the most common acute diseases induced from "cure-alls" and unfortunately it proves fatal in a high per cent of cases. The real injury comes from disturbing normal digestive functions and death results from a variety of causes, many of which may not be associated by the owner with continuous feeding of "dope." Discard the "cure-all" before it has an opportunity to induce illness and death.

Refuse to recommend it, and best of all, look forward to the time when all farmers may shake the vender's persuasive selling power of patent medicines. Better protection against worthless and injurious remedies for animals, with more attention to sanitary surroundings is an urgent need of the live stock industry."

County Agent G. B. Kendall recently issued the following letter to Farm Bureau members:

TEAM WORK—We have responded to many calls for personal service this month and were glad to do so. In some cases a group of your neighbors may be interested in the same thing that you are, and we will certainly appreciate your co-operation in arranging for either small or large meetings of the sort that will enable us to work with groups as much as possible. With a large membership this is both necessary and desirable. Let's have team work wherever possible.

PIG CLUB—We now have thirty-eight boys and girls in our first pig club. Durocs, Poland Chinas and Berkshires are the only breeds represented. We have run out of pigs or we would make the club still larger.

WOOL POOL — Thirty - five farmers pooled their wool July 2. This was sent to the National Wool Warehouse and Storage Co., 4300 South Robey street, Chicago, Ill., where it will be graded, stored, insured and sold along with that of many other Illinois farmers. In all probability this wool will be held four or five months before sold. Arrangements have been made that money can be borrowed thru Federal Reserve banks on the wool pooled. The principle of pooling wool is the same as storing grain in an elevator for sale in the future instead of immediately. The county agent believes it was to our interest to pool or he would not have advocated the measure.

CHINCH BUGS—There has been an upheaval of chinch bugs since our last circular letter. It seems to me that we must plan in many cases to cut out wheat and rye this fall or give up hopes of raising a corn crop in the spring of 1921. We must clean up every conceivable hiding place. "Burn and Starve the Bugs."

IOWA 103 OATS—The seed brought in by the farm bureau has come up to expectations when everything is considered. We hope that you will get your supply this fall from the neighbor who has it to sell—not merely engage it for next spring The neighbor will appreciate your taking the seed in the fall instead of waiting till spring.

CALF CLUB—We expect to do something along this line this fall. The county agent is inclined to favor the importation of dependable calves of dairy breeds. We have had three banks outside of the county seat voluntarily offer to back us with this project. When banks back a project like this we expect them to loan the money to the boy or girl on a note signed by the boy or girl and signed by the parent or some other responsible person. One bank offered to loan money at five per cent for this purpose.

LIVESTOCK SURVEY — We have all the blanks for a complete livestock survey of this county. We hope finally to have a man on every section who will give the information necessary to enable the Livestock Department of the I. A. A., to work out a more intelligent and businesslike way of marketing livestock. These blanks have been here for some time They expected us to start this work July 1, but the wool pool, pig club and chinch bugs have given us so much to do that we did not get started. Further with corn plowing, clover harvest and wheat cutting, the honest to goodness farmers had their hands full wituout our trying to give them anything else to do. However, we are thoroly in sympathy with the move and want everyone of you to do his part in helping make this survey a success. The figures collected will not be turned over to income tax men or used by anyone else than the men who represent us at Chicago.

A LEAN YEAR—Between late seeding and chinch bugs the outlook is not good for seed corn. I don't known how we would fare with seven lean years, but one lean year did make us sit up and think. If you have a crib of old corn, play the game safe by picking out a full year's supply of dependable seed. We may need it as bad as the spring of 1918.

CLOVER SEED—Several parties have allowed the first crop of clover to stand for seed. Better examine the hay cut from the first crop. It may pay to hull it.

FLAG SMUT—This disease has been found only in Madison county. This disease promises to be a real menace. Flag-smutted plants seldom produce any heads. The vascular system of the plant filled with the black spores of the smut. These blades later become rolled and die prematurely. At present the diseased plants are much shorter than the normal healthy plants and they possess a characteristic leaden color which distinguishes them from plants that may have died from some other cause.

ORCHARD SPRAYING—Spray for the second brood of codling moth July 15 to 20. Use one pound of dry arsenate of lead or two ponuds of paste with two pounds of freshly slaked lime in each fifty gallons of spray. If lump lime cannot be secured, substitute four pounds of hydrated lime. Do not use lime sulphur at this season.

POULTRY — Roosters should be removed from the flock as soon as the brooding season is over. Those first on the market bring the high prices

TAKE ALL—This is much more limited in an extent and less severe than last year. It may be recognized by the slender timothy-like blades, their low growth, thin late heading and their east of breaking off at the surface of the ground. So far we have not located a case in this county.

NITRATE OF SODA, ACID PHOSPHATE, BONE MEAL—The first of these is very good for many of our leafy garden vegetables as well as a top dressing for lawns where manure would be objectionable. It ought to be applied to lawns after the dew has dried off. Acid phosphate and bone meal are both good forms of phosphate. Either will show good results on garden and field crops. At our request the Blackburn-Houston Co., handle these products in large and small amounts at current prices. We hope this firm may have enough sales to warrant them in ordering these at our request.

LIMESTONE — We can get high grade material along the C. & A., at $2.33 per ton; screenings along the same road at $1.61; other roads $3.50 per ton. These are delivered prices. Better order for limestone before throwing away any more clover seed on acid soil. You will need it for alfalfa anyway

ROCK PHOSPHATE—This is the cheapest form of phosphate. We do not advise less than one ton per acre. It costs $7.50 in Tennessee. The price delivered is right at $11.50. Less than car load lots canont be handled. Better co-operate with a neighbor in handling a car.

FARM BUREAU DAY AT THE JACKSONVILLE CHAUTAUQUA—A committee from the executive committee canvassed the program and decided August 27 was the best day for us. This program will not have any agricultural features. We want to go away from that for just once. Come up hear the music, fill a basket with a dinner for one or two others and spend the time in between the acts in getting acquainted with the other fellow. The committee is planning to furnish every farm bureau member a badge to be worn that day. Other features will be announced later.

AT PISGAH CHURCH.

The Sunday school service at Pisgah Presbyterian church will be held Sunday afternoon at three o'clock. At 4 o'clock Rev. Thomas W. Smith will occupy the pulpit. The people of Pisgah community are looking forward with interest to these Sunday services.

J. M. Fristoe, representing a large Texas oil investment company, called on Scott Crawford Thursday.

Enjoyable Lake Trips to Northern Michigan

Our two palatial Steel Steamships "Manitou" and "Puritan" in constant service during this season, supply frequent and attractive sailings between Chicago and Northern Michigan points. Tourists and owners of summer cottages will find this the quickest and most direct route to reach Northern Michigan resorts or connect with all eastern points. Dining service and food the very best. Accommodations for automobiles on S.S. "Puritan." The S. S. "Missouri" and S. S. "Illinois" operate this season between Chicago, Milwaukee and Detroit in Passenger and Express Freight Service.

The Palatial Steel S. S. "MANITOU"
TRI-WEEKLY SAILINGS
Between Chicago and Charlevoix, Petoskey, (Bay View), Harbor Springs and Mackinac Island—Mondays, 11:30 a. m.; Wednesdays, 2 p.m.; Fridays, 6:30 p. m.

The Palatial Steel S. S. "PURITAN"
Regular Summer Schedule
Leaves Chicago Mondays at 7 p. m. for Ludington Manistee, Onekama, (Portage Park), Frankfort, Glen Haven, Charlevoix and all Grand Traverse Bay ports. Leaves Chicago Thursdays and Saturdays at 7 p. m. for Ludington, Manistee, Onekama, (Portage Park), and Frankfort.

While the popularity of our steamers secures for them liberal patronage, there is usually room for additional passengers on every trip.

Big workers from everywhere

and the same work clothes every time

PUTTING a hundred acres into garden truck—working on a thirty-story skyscraper—dashing along the rails in the cab of the Twentieth Century—every one of these workers is doing a different kind of job.

But when it comes to the best clothes for a man to wear on the job—that is one thing they all agree on.

They've all tried a lot of overalls, but today they're all strong for just one brand. *They all wear Blue Buckles.*

Like millions of other men on big jobs everywhere, they know that Blue Buckle OverAlls meet every test of every kind of work. That is the reason Blue Buckles are the *biggest selling overalls in the world.*

Long wear is woven into the tough, thick denim cloth. Every pair is always big and roomy—always comfortable. The wide, double-stitched seams never rip. The heavy brass buttons and buckles don't rust or break. Every detail has the same sturdy, first-class workmanship—the same careful attention. Big, convenient pockets—extra wide suspenders, a solid backband, and free swing raglan sleeves on all the coats.

Wear, comfort, looks, *you'll* find them all in Blue Buckles. Ask your dealer for a pair today—Men's, Youths' and Children's sizes.

"Plowing—reaping—no matter what the farm work—Blue Buckles are the overalls to wear."

(Signed) Fred McCulloch

Leading corn grower of Hardwick, Ia., who raised an 88-bushel-per-acre crop.

"Tough as rawhide, big, roomy and comfortable—that's what I know about Blue Buckles."

(Signed) Fred Signer

Engineer of the Twentieth Century Limited.

"Every pair of Blue Buckles is always big, strong and comfortable."

(Signed) H. H. Moeller

Noted truck farmer of St. Ansgar. Ia., who makes his land net $250 to the acre.

"Blue Buckles stand the roughest work I give them."

(Signed) George A. White

Steel-driller of Edgemoor, Delaware.

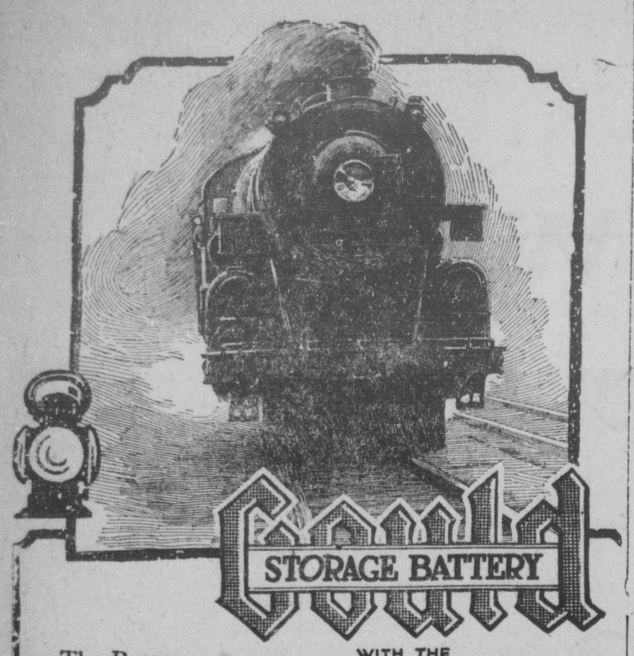

To Dealers: If you want to know where to get Blue Buckles, write to Blue Buckle OverAlls, Lynchburg, Va., and we will give you the name of your nearest jobber.

The Battery Approved by Railroads is— WITH THE Dreadnaught TRADE MARK PLATES

The Battery For Your Car

Dreadnaught Plates, the strong power-producing heart of the Gould Storage Battery, pass the critical test of railroads. Railway signal systems are Gould operated—human life hangs on their reliability.

What better endorsement can you ask of the ability of a battery with these rugged plates to deliver plenty of power to the starting and lighting system on your car.

They live long. The active material is made to cling in these plates with bulldog tenacity by the Gould hardening process. Yet there is no loss of electrical capacity as a result.

Gould Service on all Batteries

A battery is as old as its plates. We can keep your present plates young—or renew them, when worn out, with Dreadnaught Plates.

Regular inspection and testing, with occasional refilling and adjustment, will keep your battery in trim. We're experts in this service on all makes of batteries.

* Batted for Menosky in 9th.

Score by innings:
Chicago .. ....001 000 010—2
Boston .. ..000 000 100—1

Summary.

Stolen bases, E. Collins; Sacrifice hits, E. Collins, McInnis; Double play McNally - McInnis; Left on base, Chicago, 5; Boston, 3; Bases on balls, off Harper, 1; Struckout, by Kerr, 1; Umpires, Connolly and Nallin. Time 1:29.

NEW YORK AGAIN DEFEATS CLEVELAND

New York, July 22.—New York again defeated Cleveland today 11 to 3, the game being called after the Indians finished their turn at the bat in the seventh. Play was continued in the rain after the first inning and an interruption of thirty minutes was followed by continuous rain until the game was called.

Score:
Cleveland . 002 100 0- 3 7 2
New York . 242 120 *-11 16 0
Batteries: Coveleskie, Myers, Faeth and O'Neill; Collins and Ruel.

SCORE TWO RUNS ON INFIELD SINGLE

Philadelphia, July 22—Welch's ineld singfile with the bases filled scored two runs and won today's game from Detroit 3 to 1. Veach's home run accounted for the visitors' only score. Brilliant fielding helped Harris out of several tight holes.

Score:
Detroit 000 001 000-1 8 2
Philadelphia . 002 010 00*-3 8 2
Batteries: Ayers, Okrie and Stanage; Harris and Perkins.

ST. LOUIS DROPS TO SECOND DIVISION

Washington, July 22.—Washington ousted St. Louis from the first division today by taking the first game of the series to 4. Zachary pitched shutout ball after being hit hard in the first four innings.

Score:
St. Louis 021 100 000-4 9 5
Washington . 001 211 00*-5 9 0
Batteries: Shocker and Severeid; Zachary and Picinich.

CHICAGO WINS FROM PHILADELPHIA 4-2

Erratic Fielding Causes Meadow's Downfall—Tyler Hit Hard at Times But Tightened up In Pinches.

Chicago, July 22.—Erratic fielding behind Meadows coupled with opportune hitting by Chicago enabled the locals to defeat Philadelphia 4 to 2 today. Tyler was hit freely but tightened up in the pinches.

FAVORITES LOSE IN THREE OF FOUR EVENTS

KALAMAZOO, Mich., uJly 22.—A monster crowd turned out for "Kalamazoo Day" at the Grand Circuit races and the onlookers witnessed a slaughter of favorites in three of the four events. In the 2:03 pace, Louie Grattan, after winning the first heat was decisively beaten by Johnnie Quirk in the second heat and by Goldie Todd in the htird and fourth heats.

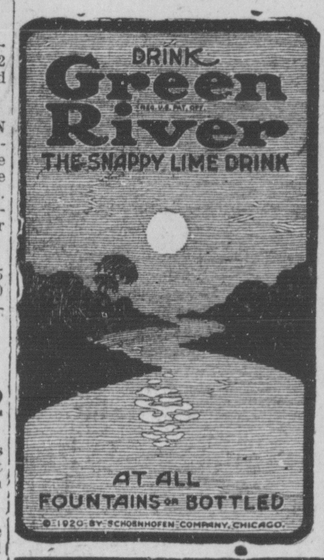

Royal Palm, son of Peter the Great and driven by Charlie Valentine, won the $3,000 purse for 2:13 trotters, outstepping Alta Donovan and a field of eight others in straight heats. The average time for the three miles, 2:06, was fast for the class.

Don de Lopez, driven by Geers, winner of the 2:05 trot at Toledo, was best liked in today's 2:05 trot. He failed to win a heat. Baron Cegantle took the first and then Murphy came along with Charlie Rex and captured the second and third heats. The time in second mile 2:04 1-4 is a season's record for trotters.

In the three year old trot Great Britton, the Dodge entry made good by taking the first and third heats. The Great Miss Morris won the second heat but broke badly in the third and was distanced.

Get Goodyear Value in Tires for Small Cars

Don't be misled by very cheaply priced tires, for tire economy is not a matter of what tires cost originally but of what tire service costs in the end.

True Goodyear mileage and economy are built into Goodyear Tires, of the 30x3-, 30½x3- and 31x4-inch sizes, in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking one of these sizes, you can equip it with Goodyear Tires at your nearest Service Station.

Go there for the exceptional value in these tires made possible by Goodyear's resources, experience and demonstrated expertness in tire manufacture.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size *in waterproof bag* $4.50

GOODYEAR

To Satisfy Healthy Appetites

There is nothing quite like mother's baking to satisfy the hunger which fresh air and play give rise to.

You can let them eat to their heart's content, too, for such food is as wholesome as it is delicious.

Valier's Enterprise Flour

will enable you to do extra fine baking. It is milled from carefully selected, hard winter-wheat by a special slow process which retains all the unusual baking qualities found only in such grain. It is a perfect all-purpose flour, rich in gluten and fine in texture.

Of course Valier's Enterprise Flour is slightly higher priced per sack, but it is well worth the difference. You get better baking and

More Loaves Per Sack

Ask for Valier's Enterprise Flour when you call up your grocer today.

"Community" is Valier's high-grade popular-priced flour. It has made hosts of friends.

Beauty is more than skin deep

There is a beauty secret that every woman should know for beauty is *more* than skin deep.

Nature demands food—it is the price of existence. We feed our bodies regularly to produce good health and yet we pay little or no attention to our under-nourished skin. Starving tissues develop all kinds of age evils no matter how youthful you are.

If you would defy age, laugh at crow's feet, a flabby double chin or a sallow complexion—properly nourish your skin.

For hundreds of years women the world over have known the great value of Cocoa Butter as a skin food. Coco-Bloom is cocoa butter cream, rich in pure Cocoa Butter and combined with this priceless skin food are other ingredients beneficial to the skin.

Coco-Bloom makes the skin clear, smooth, flexible and firm. Coco-Bloom gives that natural glow—that smooth satiny complexion that defies age. Make it a habit as regular as your daily meals to each night massage your face with Coco-Bloom. Rub it especially under your eyes and your temples where the tell-tale wrinkles come first. Note the soothing effect it produces and, after a few applications, you will be repaid for the brief amount of time you have given daily by your rejuvenated appearance and charming complexion.

Remember, Coco-Bloom is *cocoa butter cream*, and it supplies exactly what is needed to make your skin healthy.

Send 10 cents to Coco-Bloom Laboratories, Cleveland, Ohio, for sample and instructive booklet "The Bloom of a Perfect Skin," or purchase a 75c jar today at any one of the following

SALE OF $109,000.00 JACKSONVILLE, ILL., FILTRATION & POWER PLANT BONDS.

The City of Jacksonville will receive sealed bids at the office of the city clerk up to 4 oclock P. M., Monday, August 2, 1920, for the purchase of $44,000 of Power Plant Bonds, $35,000 of Filtration Plant Bonds and $30,000 of Filtration and Power Plant Completion Bonds. The said Power Plant Bonds, consisting of 44 bonds of $1000 each dated March 1st, 1920, bearing interest at the rate of 5 per cent per annum payable semi-annually at the office of the city treasurer in said city, maturing three each year in the years 1921 to 1924, inclusive, and two each year in the years 1925 to 1940 both inclusive.

The said Filtration Plant Bonds consisting of 35 bonds of $1000 each dated March 1st, 1920, bearing interest at the rate of 5 per cent per annum payable semi-annually at the office of the treasurer of said city, and maturing one in each year in the years 1921 to 1924 both inclusive, and two in each year in the years 1925 to 1939 both inclusive and one in the year 1940.

The said Filtration and Power Plant Completion Bonds consisting of 60 bonds of $500 each, dated July 1st, 1920, bearing interest at the rate of 5 per cent per annum payable semi-annually at the office of the city treasurer in said city. Three of said bonds maturing on the first day of July in each of the years 1921 to 1940 both inclusive.

All bidders will be required to accompany their bids with a certified check of $2000 as an evidence of good faith of the bidder and that he will take up and pay for the bonds if the sale is awarded to him. On failure to do so, said sum of money shall be forfeited to the city as liquidated damages.

The said Power Plant Bonds and Filtration Plant Bonds will be ready for delivery to the purchaser immediately upon acceptance of the bid, and unless the bonds are taken up and paid for within five days after notice of award of sale, the check aforesaid will be forfeited to the city. The said Filtration and Power Plant Completion Bonds will be ready for delivery to the purchaser on or before September 1st, 1920, and unless such bonds are taken up and paid for within five days after notice of award of sale and that such bonds are ready for delivery, the check aforesaid will be forfeited to the city.

The approving opinion of Charles M. Rutherford, Attorney of the City of St. Louis, will be furnished to the purchaser of the bonds. The city council reserves the right to reject any and all bids.

(Signed) E. E. CRABTREE, Mayor.
R. L. PYATT, Clerk.

SPECIAL TAX NOTICE

Notice is hereby given to all persons interested:

That the city council of the City of Jacksonville, Illinois, having ordered that a local improvement consisting of a sewer be constructed on Edgmon street, in said city, from the center line of South West street to a point 650 feet west along the center line of said Edgmon street which shall be constructed of 10 inch vitrified sewer pipe, including brick manholes with cast iron tops as further shown and more particularly described in the plans, profiles and specifications for said work on file in the office of the city clerk of said city, the ordinance for the same being on file in the office of the city clerk of said city, and said city having applied to the county court of Morgan county, Illinois for the confirmation of the assessment of the cost of said improvement according to the benefits and an assessment therefor having been made and returned to said court; the final hearing thereon will be on the 9th day of August, A. D. 1920, at 9:00 o'clock a. m., or as soon thereafter as the business of the court will permit and all persons desiring so to do may file objections in said court before said date, and may appear on said hearing and make defense.

It is further provided by said ordinance, that said assessment shall be collected in ten (10) installments with interest at the rate of five per cent per annum as provided by law.

Dated at Jacksonville, Illinois, this 20th day of July, A. D. 1920.
JAMES E. BENTLEY,
Commissioner Appointed to make said assessment.

ADMINISTRATOR'S NOTICE

Estate of Frank de Bauernfeind, Deceased.

The undersigned, having been appointed Administrator of the estate of Frank de Bauernfeind, late of the County of Morgan and State of Illinois, hereby gives notice that he will appear before the County Court of Morgan County, at the Court House in Jacksonville, at the September term, on the first Monday in September next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 15th day of July, A. D. 1920.
EDWARD DE BAUERNFEIND, Administrator.

SCHOOL TEACHER'S FRIENDS MADE GLAD

One of them had this to say yesterday: "We never thought that poor Ellen would ever recover, she had suffered so long from stomach and liver trouble and had lost more than 40 pounds in weight. She took a bottle of Mayr's Wonderful Remedy upon the advice of her aunt and has steadily improved from the first dose. We are all confident of her complete recovery." It removes the catarrhal mucous from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at all druggists.

SHOCK ABSORBERS FOR FALSE TEETH

Cleveland, April 2.—Non-Skid Shock Absorbers for false teeth are the latest thing. Heretofore the principle of shock absorbers has been limited in application but now a Cleveland chemical concern advertises a powder which sprinkled upon "store teeth," forms a smooth cushion, holds them firmly in place, and gives a "non-skid" effect while they romp over the toughest roasting ears of corn and chew the stickiest candy.

One who has lost his natural teeth can supply himself with this antiseptic, adhesive comfort powder—Corega—at a drug store, and proceed to laugh and sneeze, crack nuts and do other hazardous things without risk of shaking his prized false teeth from their upper and lower berths. 35c at druggists.—Adv.

FORMER HEAD NURSE CHICAGO HOSPITAL TALKS

Prominent Trained Nurse Indorses Trutona as An Efficient System Builder

Decatur, Ill.—When such a person as Mrs. Frank Torrence of Fairview park, Decatur, indorses Trutona, you cannot rightly countenance any further hesitation over trying the Perfect Tonic.

For fourten years before her marriage, Mrs. Torrence was a trained nurse. She occupied the position of head nurse for seven years at the Chicago Presbyterian hospital, and was associated with Decatur hospitals, and did private nursing during the remaining seven years of her professional career. In a plain, yet emphatic indorsement, Mrs. Torrence tells you that Trutona, is in every respect an efficient system builder. She says:

"I suffered an attack of influenza about a year ago, which left me in a run down condition. My appetite was very poor, and I felt tired out most of the time. I began the use of Trutona, after reading the formula, which assured me that the medicine was just fitted for my case. I can say that I have received very fine results from the use of Trutona, and I can now recommend it to any one as a system builder."

Trutona's healthful action reaches every portion of the body, and performs its work faithfully and efficiently. Trutona rebuilds diseased nerves and tissues, creates a healthy appetite, and assists in the assimilation and digestion of the food.

Trutona is sold in Jacksonville by Coover & Shreve; in Franklin by Wyle Drug Co., and in Waverly by Wyle Drug Co.—Adv.

Daily Market Report

PRICES ROSE AND FELL WITHIN SMALL RADIUS

NEW YORK, July 22.—Prices on the stock exchange rose and fell within an extremely small radius during most of today's session. Sentiment in speculative circles was visibly heartened, however by the better aspects of the railroad labor situation and maintenance of comparatively easy money rates. There was a fairly successful demonstration against the shorts in the last hour when quotations rose to highest averages of the day under the impetus of a demand for oils, rails, steels and various specialties.

The sudden advance of prices followed publication of excerpts of Senator Harding's speech of acceptance. The candidate's reference to the country's transportation needs met with special satisfaction. Sales, 320,000 shares.

Industrial conditions, brightened as a result of the railroad wage increase and advices from the more important stel centers, indicated increased production. Reports of "saturation" in the steel industry met with denials in authoritative quarters but the motor group as a whole made indifferent response to these assurances. Sugar shares were under further pressure, but rallied on the firmer tone of allied food issues.

British exchange continued to move in favor of this market, the French, Belgian and Italian rates also reacting against their home markets.

The only feature of an otherwise dull bond market was the further rise of Virginia deferred 6s. Most domestic issues, including liberties, were irregular. Total sales (par value) $8,250,000.

Cattle—Receipts, 150; calves steady to strong; best kinds other catle steady; common kinds slow and 25c lower.

BLACK RUST TALK SENDS WHEAT UP

CHICAGO, July 22. — Black rust talk, more serious than at any previous time this year, had a good deal to do today with a material advance in the price of wheat. The market closed firm, 2 to 2½c net higher, with December $2.59 and March $2.63. Corn gained ½c to 2¾c, oats ⅛c to 1c, and provisions 17c to 50c.

Unfavorable weather conditions ni parts of the American northwest, especially North Dakota, formed one of the chief reasons for anxiety becoming again acute regarding black rust injury to wheat, but during the early trading the market tended downward owing to talk of widespread heavy demand for cars to move wheat and because of welcome rains in Canada.

Predictions of showers and high temperatures, however, in the black rust district led subsequently to a revrsal of sentiment and so too did gossip that export business at the seaboard was lively and that receipts of coarse grain here were likely to be curtailed.

Corn, after early uncertainty, scored a decided upturn. There was a renewal of yesterday's buying by a big elevator concern.

Oats merely reflected the changes in other grains.

Provisions were governed by the strength of cereals despite lower quotations on hogs.

CHICAGO LIVESTOCK MARKET

Chicago, July 22. — Cattle — Receipts, 10,000. Good and choice steers, all weights, fully steady. Other grades, especially grassers, slow and uneven; top yearlings, 16.75; handy weight sters, 16.50; heavies, 16.40; bulk all weights, 12.50@16.00; she stock generally slow to 25c lower; canners and bulls steady; calves strong to 25c higher; good and choice vealers mostly 16.00 @ 16.50; selected cattle firm.

Hogs—Receipts, 29,000. Mostly 15c lower than Wednesday's average. Top, 16.40; bulk light and butchers, 15.50@16.30; bulk packing sows, 14.15@14.40; pigs steady; bulk desirable kinds, 13.50@14.50.

Sheep—Receipts, 18,000. Market slow. Western lambs mostly 25c lower. Sheep, lower. Idaho lambs, 16.30; bulk western lambs, 16.00@16.30; top native lambs, 15.50; bulk, 14.00@15.00; Montana wethers, 10.00; top ewes, 8.00; bulk 7.00 @ 8.00; choice feeders, 14.00.

LOS ANGELES RESIDENTS VISITORS IN COUNTY

Mr. and Mrs. J. W. Bennett of Los Angeles Visit at Home of Charles Still in Murrayville—Other Interesting Items From Murrayville.

Murrayville, July 21.—Mr. and Mrs. J. W. Bennett of Los Angeles, Cal., were calling on old friends here Friday and were guests at dinner of Mr. and Mrs. Charles Still.

Miss Eva Ramsey returned to Quincy Monday after spending two weeks at home. She was accompanied by her brother, Thomas Ramsey who will visit for a short time with his sister, Mrs. Adlai Shannon and family.

Mrs. W. O. Beadles who has been in poor health for many years is reported seriously ill at this time.

E. W. Cunningham of Larimore, N. D., spent Saturday night and Sunday with his parents, Mr. and Mrs. J. K. Cunningham and family.

Mr. and Mrs. Albert Hayes and daughter, Velma, and Mr. and Mrs. Warren Jones were visitors Sunday at the home of their parents, Mr. and Mrs. George R. Jones of near Winchester.

Mrs. Meda Andras and children of Manchester were guests Monday of her mother, Mrs. C. F. Strang.

Mrs. C. T. Daniel returned home Sunday from a two weeks' visit with relatives near Glenarm, Ill. She was accompanied home by Mr. and Mrs. Hillery Burtle and children who were guests of the Daniel home Sunday afternoon.

J. K. Cunningham was called to Jacksonville Sunday by the serious illness of his brother, Robert Cunningham.

S. F. Sooy and family, Miss Bess Haynes and Miss Leona Haynes visited Mr. and Mrs. Bruce Haynes near Virden Sunday.

Mr. and Mrs. Alec Lovell spent Sunday with their daughter, Mrs. Welcome Lowell and family near Montezunna.

Miss Imogene Jones of near Winchester spent Tuesday with her cousin, Mrs. Albert Hayes and family.

Mr. and Mrs. Seth of Tilden of Galesburg were visitors here Monday being called here by the illness of the latter's sister-in-law, Mrs. W. O. Beadles.

Mr. and Mrs. J. L. Walker and children, and Mr. Walker's mother of Loami, Ill., were guests Sunday of Mr. and Mrs. S. B. Robinson.

Lloyd Cox and family and Mrs. Rachel Edwards and son Gus of near Franklin spent Sunday, with Mr. and Mrs. William Wade.

Mrs. Pearl Phillips is visiting relatives near Pisgah this week.

Born, Frday, July 23rd to Mr. and Mrs. E. T. Doyle, a son.

H. U. Osborne returned home Thursday from a three weeks' visit with relatives in Kansas.

Mrs. Joseph McCabe received a message Monday of the death of her brother, William Connors, of Kansas City. Mr. and Mrs. McCabe left Monday night for Kansas City to attend the funeral.

H. H. Bancroft of Jacksonville was a business visitor here Tuesday.

Miss Lucille Pennell spent several days last week with relatives in Roodhouse.

SUGAR SPECIAL
25c per pound with an equal quantity of merchandise, cash to accompany order. L. A. Fitzsimmons, General Merchandise, Woodson, Ill.

NUMBER ONE WHEAT FOR CONCORD FARMERS

Grain is Testing High Tho Yield Rather Small—Chapin Horse Show September 2.

Concord, July 21.—Farmers are awfully busy now threshing, cutting oats and hay. Wheat is not all yielding as much as was expected. The hail storm of June 22 cut the yield several bushels to the acre. A high test is the rule however, which is some consolation. Your correspondent has assisted in threshing considerable No. 1 wheat last week and this week. The "high dollar" has been $2.60 for No. 2 wheat and $2.63 for No. 1.

The Chapin Horse Show is set for September second. The Chapin Chautauqua August 8, 9, 10.

Grandpa Perbix is slightly improved.

Mrs. Ethelyn Plank has been sick for some days but is some better.

The Bible class of the M. P. church will give an ice cream social on next Saturday evening. Everybody come.

Brockhouse Brothers at Arenzville have been hauling wheat to the Chapin elevator for some days with their Ford truck. It is equal to three box wagons. Next year we may be able to truck all our wheat to market and save horses. Arthur and August Brockhouse, S. M. Henderson, Hubert Wester, W. F. Nergenah, Chas. Aufdenkamp and John Alderson all had use for the auto truck.

Oliver Coultas of Lynnville and Mr. German were at our place on business Tuesday afternoon.

Our son Marion Henderson of the force at Myers Brothers, was was home on Sunday to spend the day.

FOR SALE
My residence, 1524 South Main St., South Jacksonville. Ideal location. Mrs. Herman Weber.

NEW BASEBALL FIELD SECURED FOR BLUFFS

Future Games to be Played on Field South of Town — Wheat Threshing the Order of the Day — Other Bluffs Items.

Bluffs, July 20.—Miss Margaret Finney is visiting friends in Bloomington.

Wyatt Simpson and family of Mt. Sterling spent Sunday with Lee Bond and family.

Misses Florence and Alice Rockwood of Springfield arrived Tuesday for a visit with relatives. They were accompanied by Miss Helen Rockwood of Bluffs, who has been visiting in Springfield and Chicago for the past two weeks.

Paul McCullom of St. Louis, Mo., spent the week-end with his parents, Mr. and Mrs. William McCullom.

Mrs. Thos. McCullom and baby of St. Louis are the guests of relatives in town.

Wheat threshing is the order of the day with a splendid yield per acre.

The Bluffs' baseball team has secured a field south of town and are putting it in shape for future games. William Hildebrand is captain of the team and he feels that they will make a good showing in future contests.

Born to Mr. and Mrs. Dale Thompson Saturday, a son, fourth child.

MANCHESTER NEWS NOTES RECORDED

Town Board Raised Fund With Ice Cream Social

Manchester, July 21.—Members of the town board gave an ice cream social in the park Tuesday evening which was well patronized. Thirty one gallons of cream were sold and approximately $25 will be cleared by the board.

Mrs. Lucy Thomas and Mrs. illiam Eagan of St. Louis are spending a few days at the home of Mrs. Margaret Wyatt.

Rev. G. N. Nichoison of Scottville is visiting at the home of his daughter, Mrs. E. O. Hess and family.

Mrs. Grace Dean and son, Mason spent Saturday and Sunday in Waverly the guests of Miss Lucy Laws.

Mrs. K. W. Vanderpool and daughter, Vivian of Ashland, are visiting at the home of Mrs. Vanderpool's parents, Mr. and Mrs. E. A. Lashmet.

Miss Martha Krebaum returned to her home in Virden Tuesday after a visit at the home of Mr. and Mrs. Ray Krebaum. She was accompanied by Mrs. Krebaum and daughter, Johanna, who will spend a few days with relatives in Virden.
